

Motor Vehicle Fatality in McClure; Winfield Man Dead at Scene

By Kay Poeth

Another tragedy struck the community of McClure over the past weekend. Ronald S. Whitman Jr., 31, of Winfield died in a motor vehicle accident in the Borough.

On Saturday afternoon, July 11, 2026, at approximately 5:34 pm, Whitman and Clinton T. Muir, 32, of Tyrone were involved in a single vehicle accident with rollover and ejection. Whitman was declared deceased on the scene. Muir was transported by LifeFlight to Geisinger Hospital in Danville.

According to the investigation, the driver, Ronald Whitman, accelerated rapidly at the intersection of Specht Street in McClure and Rt. 522 and combined with the lack of tire traction caused the driver to loss control of the vehicle. The vehicle then spun and rolled down an embankment, north of Forbes Street. The occupants, Whitman and Muir, were ejected from the vehicle.

The road was closed for about an hour. PennDOT assisted with the detour.

Middleburg Police Department officers conducted the investigation. Assisting at the scene were fire and EMS units from McClure, Beaver Springs, Beavertown, and Middleburg.

Bridge Replacement Project Continues at Intersection of Routes 522 and 235

A bridge replacement project continues on two bridges at the intersection of Routes 522 and 235 in Spring Township, Snyder County. The bridges carry each roadway over tributaries to Beaver Creek in Spring Township. On Tuesday, July 14, the contractor, Glenn O. Hawbaker, Inc., switched traffic slightly to the north onto a temporary road. This switch is to accommodate an additional work area to complete the southern section of the Route 522 bridge. Drivers can expect single lane conditions with flagging where work is being performed. Drivers should be alert, slow down, expect delays in travel and drive with caution in the area.

Traffic Impacts Remain in Place:

• Route 235: On Tuesday, April 28, Route 235 was restricted for vehicles in excess of 30 feet between Troxelville and Beaver Springs. A detour using Troxelville Road (Route 4018) and Route 104 is in place for vehicles in excess of 30 feet long for the duration of the project.

• Route 522: On Monday, April 27, a 12-foot width restriction was implemented on Route 522.

Glenn O. Hawbaker, Inc. is the prime contractor for this \$4.8 million bridge replacement project. Work on the project includes removal of the existing bridges and replacement with new concrete box culverts and adding a U-channel between the bridges. Work on the project is anticipated to be completed in November 2026, weather permitting.

Scouting America Welcomed to Capitol for Annual Report to the Commonwealth

Sen. Lynda Schlegel Culver (R-27) and Rep. Justin Fleming (D-105) welcomed over 150 scouts from across Pennsylvania to the state Capitol for Scouting America's annual Report to the Commonwealth. The ceremony, held in the rotunda, highlighted the service, leadership development, civic engagement and community contributions of Scouting America throughout Pennsylvania.

"Scouting continues to provide young people with meaningful opportunities to serve, lead and grow," Culver said. "It is an honor to host this event every year to celebrate the accomplishments of Scouting America in Pennsylvania."

Emcee G. Maximilian Miller from Gibsonia, was joined by Liam Molinari from Telford, a Life Scout and Chaplain Aide, who provided the prayer; Jackson Justice from West Chester, who led attendees in the Pledge of Allegiance; and Lyla Broaded, a Star Scout who led the Scout Oath and Law.

Highlights from the Report include: Scouting America serves 45,370 Pennsylvania youth, supported by tens of thousands of trained adult volunteers. Those youth are part of 2,188 local units, embedded in schools, churches and community organizations. 25,191 Cub Scouts are building foundational skills in teamwork, confidence and character. 1,687 Scouts earned Scouting's highest honor—the Eagle Scout Award.

Following the ceremony, the Scouts were granted permission to participate in Senate Session with Molinari serving as Guest Chaplain and Sam Van Norman from Hellertown leading the Pledge of Allegiance. Together, they then presented a copy of the Report to Senator Kim Ward, Senate President Pro Tempore, and led the Scouts in the Scout Oath and Law.

"Scouts represent values of service, leadership and citi-

zenship," Sen. Culver said. "Their commitment to both personal growth and helping their communities is worth celebrating, and I am grateful for the opportunity to recognize their contributions here at the Capitol."

Traffic Shift Using a Temporary Ramp Began This Week on Routes 11/15 and Route 522 SB Interchange

Drivers who travel Routes 11/15 and Route 522 (North Susquehanna Trail) in Monroe Township, Snyder County are advised a temporary lane shift and the opening of a new temporary ramp started this week near Selinsgrove. This shift and use of the temporary ramp is to accommodate the reconstruction of the existing ramp for the Central Susquehanna Valley Transportation (CSVT) southern interchange. On Monday, July 13 and Tuesday, July 14, the contractor, Trumbull Corporation, placed temporary road barrier along with new temporary line painting, and closed the existing ramp.

Traffic Impacts:

• Traffic on Route 11 will be controlled with rolling slow-downs and a shadow vehicle. Drivers on Route 522 southbound can expect a right (driving) lane closure during this two-day project.

Work will take place at the following locations:

• Route 11 southbound: Work will be done from Route 522 (North Susquehanna Trail) on-ramp to the Route 35 off-ramp.
• Route 11 northbound: Work will be done from Route 35 on-ramp to Route 522 north.
• Route 522 southbound: Between Susquehanna Valley Mall Drive (Route 1023) and Airport Road (Route 1015).

Once established, the temporary traffic shift will remain in place until Spring 2027. Drivers should be alert and drive with caution in the area.

The prime contractor for this \$186.4 million project is a joint venture between Trumbull Corporation and Golden Triangle Construction. Work includes paving of the CSVT mainline, the Route 61 Connector, and various interchange ramps, as well as drainage structure, guide rail, traffic signals, highway lighting, and overhead sign structures.

The Southern Section mainline is anticipated to be opened to traffic in 2027 and the Route 61 Connector is anticipated to be open to traffic in 2028. For more information on the CSVT, visit www.csvt.com.

The virtual event will focus on how water usage is evaluated within the Susquehanna River Basin, including the review process for proposed projects and how water demand is considered alongside environmental and community needs.
Attendees will be able to submit questions during the event.

CLINTON COUNTY RAN A VERY SUCCESSFUL 410-SPRINT SHOW, SELINGROVE THREE DIVISIONS SHOW ON FRIDAY

The new Pa Posse series came to Clinton County speedway on Friday night with a field of 20-drivers, with most of the top point drivers on hand for the big event. Danny Dietrich of Gettysburg Pa started the night off by setting fast time with a clocking of 11.771, points leader Chase Dietz was next with a time of 11.80, the only two drivers under the 1-second mark. Troy Wagaman Jr, Logan Rumsey and Freddie Rahmer were in the top five. Eight drivers were making their first ever start at the speedway Dietrich, Dietz, Wagaman Jr, Freddie Rahmer, JT Ferry, Justin Whittall, Australian driver Ryan Newton, and Doug Hammaker. Heat races went to Logan Rumsey, Freddie Rahmer and Justin Whittall, the heat race winner and fast timer went to the redraw, with everyone else lined up by the way they finished in the heat. Justin Whittall and Danny Dietrich made up the front row for the feature with Dietrich getting the jump from the starter and went on to lead all 35-laps. During the feature there was a miss communication's which caused a red flag because the race green at the same time a car had stalled on the track in turn two, Freddie Rahmer suffered damage to his # 51 because of the mix up, so he was allowed to go back to the pits and fix his car and get his spot back. Danny Dietrich went on to score the win on the smooth Clinton County racing surface, over fourth starting Chase Dietz who made a late race pass of Justin Whittall for the spot, after Whittall was Troy Wagaman Jr and Ryan Newton. The next 410-sprint show at Clinton will be on Saturday August 15th for the Phil Walter Tribute race which will also be another PA Posse series race, that event will pay \$7,500 to win. Jeff Weaver scored his fourth win of the season in the 270-micro sprint feature it was also his 62-career win in the division at Clinton County, Jeff also has a career total of 82 feature wins in other divisions over the years, he is close to begin the top winner but the track does not have any of that information out there for the public to see. Jimmy Moyer scored his fourth four-cylinder feature win of the season but is not racing regular for points. This Friday the IMCA 305 sprint will be in action along with the pro-stocks, 270-micro-sprint and four-cylinders. The limited late models will have their third race of the season on Friday

July 24th with the Cowboy Jim Kennedy Memorial race set for Friday August 7th with the winner getting \$2,000 to win, for the IMCA 305-sprints.

Friday at Selinsgrove speedway Jason Shultz of Carlisle Pa scored the win in the 360/358 sprint car challenge race; the event was to honor Kramer Williamson who spent the last part of his career racing in the URC 360-sprint division. Shultz beat 358-sprint car driver Seth Schnoke, Mike Walter, Josh Weller and Tyler Ross. The race drew a field of only 15 sprints between the two sprint divisions. Ken Duke of Winfield Pa who has had not one of his best racing seasons so far scored the PASS 305-sprint car feature over Logan Spahr, Kruz Kepner, Chris Dolan and Jarrett Cavalet, with a field of 21 drivers on hand. In the limited late model feature, Lane Snook of Port Royal scored the feature win his second of the season; Coleby Frye, Jaxton Garman, Andrew Yoder and DJ Myers were next in line. Selinsgrove will be off this weekend and will be back with a show of Super late models, PASS 305-sprints and Street Stocks on Friday July 24th Two schedule changes have been announced by the speedway, for Friday August 7th the PASS 305-sprints will be taken off the schedule. Part of the reason is the big Cowboy Kennedy show at Clinton County. The 270-micro sprint Roger Folk race set for this Sunday has been Postponed due to damage at the kart track, a make-up date is begin talked about with the family for later this year.

Made a trip to the western part of the state to Hummingbird speedway for my first time visiting the speedway. They ran six divisions show with great car counts, for only their second race of the season. Mother Nature has not been kind to the track this season, with the track getting weathered out seven times. They had one race back in May and that was it until last Saturday night. The night getting for them when it was learned that Marion Center, a track close to an hour away, was rained out and a number of team were on their way to Hummingbird to race. The track ended up with 108 race teams for their night of racing that included seventeen heats races, and six features. They had 19 super late models, 14-Semi_late which is like a limited late model, 18-Pro Stocks that were racing for a \$900 top prize in the feature, Pure Stocks numbered 18, with 30 four-cylinders and 7-ecno Modifieds. Paul Kot won the super late model feature over Jon Lee, Ken Schaeffer, Denny Fenton and John Weaver. Chase Lambert won the big money in the Pro-Stock special with BJ Hudson winning the semi-late model feature. The track has been around since 1964 when it was first built. The track is very wide for the 3/8-mile speedway with plenty of room for racing in the corners. I would make a return trip to the speedway and revisit it for Saturday night out.

We have had a lot of special Speedweek events this season and during this week is another flying a little bit under the radar, with the 660-wingless micro-sprints racing for six nights. It started last Sunday night at Bridgeport Speedway's micro-track inside the bigger track; the event drew a field of 103 racecar drivers. Other tracks involved Airport, Greenwood Valley action track, Kutztown, Lindas, Baps and Lanco. Looks like the series is off to a good start. Last Sunday Bedford Speedway held the PA Posse series, but only drew a field of 14 drivers, with Chase Dietz scored his 16th overall feature win of the season over Justin Whittall, Ryan Newton, Ryan Smith and Troy Wagaman Jr.

Port Royal had Doug Hammaker winning his second 410-sprint car feature of the season Saturday night over Nash Ely, Logan Wagner all three second generation drivers, Jason Shultz ran a 410-sprint car for the first time this year to a fourth-place finish followed by Lance Dewease. Ryan Zook won the limited late model feature over Gunner Walls, Spike Moore, Lane Snook and Kyle Lee, the 305-sprint car feature went to Josh Spicer over Kolby Weaver, Dylan Shazter, Dustin Young and Zach Rhodes. Lincoln speedway had Brandon Rahmer beat his brother Freddie in the 410-sprint feature Matt Campbell, Jordan Strickler, and Jude Siegel.

Ritter Racing Team Racing on Their Own Terms

In rural Middleburg, you will find a racing team finding success on their own terms. Kirk Ritter has been an owner of sprint cars since 2017, hiring out drivers throughout the years; Chad Layton in 2019, Jason Shultz from Carlisle has been pretty much his number one driver since 2020. In 2024 Jake Karklin took over the driving duties that year but Jason Shultz came back in 2025 and still continues today to be his number one driver to this day.

The Ritter Racing team for years campaigned in the URC 360 sprint car series, winning three titles along the way. In 2019 they won the URC championship with Chad Layton behind the wheel. In 2021 and 2022, they won the URC championship with Jason Shultz driving.

"The weekly grind of traveling and chasing points is in the past," Stated Kirk. Now we focus on picking the tracks that we enjoy competing at and know we can be competitive at the same time.

Kirk runs a Ford engine built by DMV Performance in their 360-sprint car which is usually not the norm in that division but has recently found success in the past few weeks. At Port Royal Speedway on July 1st the team parked it in victory lane in an exciting race to take home the trophy in the URC 360 race. Just last week the team did it again winning at Selinsgrove Speedway in the coveted "Kramer Cup" URC 360 sprint car race. That night they also won fast time over all the drivers in attendance. This was Jason's second Kramer Cup he has won.

Besides racing the 360-sprint car, they have dabbled in the 410 sprint car ranks. Having only one motor they are particular on where and when they race since you only get so many races on the engine before it needs to be refreshed. This past Saturday at Port Royal they did bring out the 410 and Jason finished in 4th place in a very competitive lineup of 410 racers.

Future plans are to compete at Eldora and Knoxville in the 360 and compete at Sharon Speedway and Lemerville Speedway in the 410.

Kirk appreciates his dedicated crew members as everyone assists in the maintenance of the cars. Chris Stake, Colby Womer and yes Jason Shultz is also part of the pit crew during the week and also has help at the races with Dave Snook, Jason Horst and Bud Godek.

Wishing continued success for the local Ritter Racing team and putting Middleburg and Snyder County on the map!

I watched the baseball All-Star game this week and thought I was watching another World Cup soccer match. The best part of the game were the player introductions and who the Philly fans cheered and jeered. It’s not good when the home run derby is more exciting than the actual game.

Philadelphia sports fans proved once again why they are considered the most passionate and boisterous fans in America. I was never a big fan of the Home Run Derby but I thought this year was one of the best ever. Hometown heroes Kyle Schwarber and Bryce Harper made up a quarter of the field in this year’s derby. Schwarber and St. Louis Cardinal outfielder Jordan Walker faced off in the finals.

Schwarber was first up and hit eleven of fifteen pitches out of the park behind thunderous applause from the fans. Walker somehow beat Schwarbs on his final swing. It was the first time in over forty derbies that the crowd was heard booing the players not from Philly.

The fans lustily booed Walker and Willson Contreras for having the misfortune of matching up against Schwarber head to head. Yankee Ben Rice heard it as well just for playing in New York. Even the kids shagging balls in the outfield were booed if they didn’t catch a non-home run ball. Thank you Philly fans for keeping up the traditions like throwing snowballs at Santa Claus and batteries at J.D. Drew and punching the horse of a Philadelphia police officer.

Across the state in Pittsburgh the Pirates are having a surprisingly good year to most people. Many of you do not realize how good this team is. After 97 games they lead the National League in runs scored, hits, RBIs, total bases and batting average which belies the fact they have struck out more than any other NL team. Last year they scored the fewest runs in the Major Leagues.

The fact that none of their position players were selected to play in the All-Star game is surprising. They have six different players among the top five in NL offensive stats. The Pirates have gotten contributions throughout its batting order rather than relying on two or three players to carry the offense. That is the reason they didn’t have a position player in the mid-summer classic. I believe both Brandon Lowe and Bryan Reynolds deserved to join pitchers Paul Skenes and Braxton Ashcraft in Philadelphia.

The Pirates three game sweep of the division leading Milwaukee Brewers before the all-star break proved they are worthy of being treated as a playoff team. The pressure is now on the front office to add parts to this team without dismantling its future. They need bullpen help to assist the young starting pitchers and a true closer would be really nice.

While I am dreaming, the best trade they could do before the trading deadline is to acquire all-star left-handed starting pitcher Foster Griffin from the Washington Nationals. Griffin is considered a ‘crafty-lefty’ and would be a great counter to all the other Pirate starters that all throw hard and are all right-handed. As a life-long fan of the Pirates, I have witnessed promising seasons die because ownership

and management didn’t respond with true urgency.

My halfway-mark awards in baseball were quite simple but there’s still a lot of baseball to be played. The AL MVP would be the Astro’s Yordan Alvarez who looks like a cross between Big Papi and Barry Bonds. The NL MVP is Shohei Ohtani of course. AL Cy Young was a tough call but I will go with Cam Schlittler with the Yanks and Dylan Cease of Toronto a close second. In the NL I’ll go with Jacob Misiorowski but I think Zach Wheeler will use his All-Star snub to prove he is fully back and healthy and as dominating as ever.

My AL least valuable call was a tough one as two megastars from last year are a shell of themselves this year. Cal Raleigh was the talk of baseball last year but the Big Dumper has been a Big Disappointment. The player that is even worse than Raleigh is in the first year of a fourteen year contract that will pay him half a billion dollars. Sixty first-basemen this year have hit more home runs on their home field than Vlad Guerrero Jr. There are only thirty teams in the league!

My least valuable NLER was a difficult call as there were so many players to select from the same team so I’m going with Mr. Met, their furry mascot. I’m sure Semien, Robert’s Jr., Polanco, Vientos, etc... would like to borrow Mr. Mets outfit to leave the stadium and not show their faces.

The 2026 NFL season is quickly approaching as training camps open up next week with rookies reporting for work. This is also when many reporters start ranking teams and players for clicks and attention with some crazy thinking. The results of one particular ranking where league executives, coaches and scouts were asked to rate the top 10 players at each position right now.

Jalen Hurts will be starting his seventh year in the NFL and was ranked in the lower half of all the starting quarterbacks. Hurts has never been ranked among the top 10 QB’s in the NFL despite leading his Eagles to two Super Bowls and winning one in his first five full years as a starter. He was named Super Bowl MVP in the one he won in 2025 and would have earned his first MVP two years earlier when the Eagles lost to the KC Chiefs by three points.

It should be noted that Hurts has had ten different offensive coordinators over his ten year college and professional career. That’s like getting a new wife every six months. Think about that for a minute. Entirely different playbook and terminology for calling plays each year and does your wife like to cook or dine out? Play from the shotgun formation or under center? Likes to go hiking or cuddle up with a book? Short dink and dunk routes or stretch the field? Weekend getaways or a vacation in a foreign country?

In football, like life, you need consistency. At some point it stops being about the quarterback and starts being about structural instability. The Eagle’s success over the last five years has rewarded two of their OC’s with head coaching positions, Shane Steichen to the Colts and Kellen Moore to the Saints. They both are indebted to Hurts for their head coaching opportunities.

Can you honestly tell me Jackson, Prescott, Herbert, Maye, Williams, Lawrence, Daniels, Love and Purdy are all better than Jalen Hurts? The NFL is all about winning.

The Selinsgrove 8-10 Division Little League baseball team won the D13 baseball championship by beating Lewisburg 7-1. They open sectionals against Wyalusing this Saturday in Penns Creek. The Snyder County 9-11 Little League soft-

ball team won their first sectional game over Blue Ridge/Susquehanna 6-0. Snyder County pitcher Maggie Perkins threw a no-hitter. They will play Keystone next Tuesday.

The fact that Zach Wheeler was only invited to play in the All-Star game at the last minute is a travesty and a slap in the face from Major League baseball.

July 30 Public Meeting to Discuss Impact of Solar Farm in Freeburg

By Kay Poeth

The next Solar Farm Community Meeting is scheduled with the Brookfield Renewable Energy team on July 30 at 6 pm at the Freeburg-Washington Community Center. Residents are encouraged to attend. The informational meeting will continue to update residents on the corporate-owned solar farm being built near their water supply.

Brookfield Renewable received approval to install two separate solar farm projects in Washington Township. The Borough was not included in the discussion or the approval of the project.

Freeburg Borough and residents are concerned about the installation around the water treatment facility and two wells in the same area basin. Short-term concerns center around storms and storm water drainage and the possibility of contamination. Any contamination would affect water for the entire community.

Freeburg Council President Catherine Dent noted, “The location is a potential danger to the homes of 700 people.” The solar farms will encompass 323 acres in Washington Township. Long-term fears are about the effects as the materials age and break down.

The booklet “Freeburg’s Public Water System” compiled by Catherine Dent & Josh Satteson, HRG, provide a clearer picture of the water system in the town. According to Dent, “Construction of Freeburg’s water system, which included two wells, a reservoir, and over three miles of underground piping, started in 1945. It was completed within a year, becoming operational in 1946 (so, eighty years ago).

“Our two wells are located just north of Freeburg. That property, which is just under 10 acres, is where we now

also have a state-of-the-art filtration plant, run by HRG Engineering Firm. Our reservoir is south of the borough on top of Reservoir Hill. We have 3.27 miles of water main lines that run from our wells and filtration plant, to our reservoir, and through the borough. We have 63 water valves, 18 fire hydrants, and 282 services.

“The water filtration plant was constructed because both of our wells are under the direct influence of surface water (GUDI wells=Groundwater Under the Direct Influence). Pennsylvania’s Department of Environmental Protection (DEP) started to mandate continuous filtration treatment for all GUDI wells in the early nineties (1990-1992). In 1992, the DEP granted existing Public Water Systems 48 months to construct continuous filtration. At that time, the Freeburg Municipal Authority (FMA) started to investigate new water sources and even drilled two other wells, hoping to curb the need to construct a

filtration plant. Some time went by, and the DEP began to issue orders to build filtration.

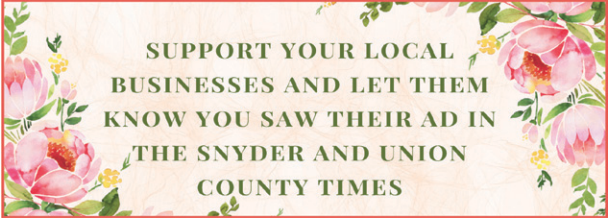

“The two wells north of town are the most important part of FMA’s water system. There are no backups, so maintaining their health and viability is crucial. The wells were constructed in 1945, and they are not constructed to current Public Water System (PWS) standards; however, DEP has not required them to be reconstructed to new standards. “

“Our reservoir, situated at the top of Reservoir Hill Road south of Freeburg, is a cast-in-place concrete inverted truncated pyramid. It has a capacity of approximately 200,000 gallons. It is covered and protected from contaminants by a small, roofed building. It is the same age as the original water system.”

At the previous meeting, residents discussed the option of the Borough officials obtaining a obtain a bond from Brookfield Renewable. The bond would protect the Borough in the event that their water source becomes contaminated or impacted due to runoff or contamination from the solar modules into residential wells.

Other concerns were about depreciating property values because of the solar fields, the unsightly view of solar panels in a rural setting, and the loss of good farmland and the decline of the family farm due to the solar fields being installed.

Freeburg residents should plan to attend the meeting with Brookfield Renewable Energy representatives on Thursday, July 30 at 6 pm at the Freeburg-Washington Community Center.

The Shea Memorial Farm to Table Dinner on July 31

By Kay Poeth

“Kathy and Brian Shea had a passion for community, agriculture and education. They put their whole hearts into anything they did. They were an amazing team and are deeply missed. For the last few years Kathy spearheaded a fundraiser dinner each summer to help raise funds for future projects at the fairgrounds. She was amazing at organizing every detail. The Beaver Community Fair Committee wanted to continue her legacy,” said Ashley Hassinger, Secretary of the Beaver Community Fair Association.

The Shea Memorial Farm to Table Dinner will be held

on Friday, July 31 from 5-7 pm at the Beaver Community Fairgrounds in the Veterans Memorial Building, located at 785 Snyder Avenue in Beaver Springs. The menu includes pulled pork, smokehouse chicken, seasoned potatoes, green beans, coleslaw, cornbread, and dessert. Dine-in or Take-out.

Pre-ordered tickets required; \$25 each. Call 570-658-4963 ext. 0 to reserved your tickets. RSVP by July 24. Limited tickets are available at the door. There will also be a Silent Auction. All proceeds benefit the new Livestock Building Fund.

“When I think back to the years, I had known Brian and Kathy I cannot think of a time when they were not together and were not helping someone. Their love of the community shown through their lives. Kathy and Brian had huge hearts for the fair, for the youth, and for rabbits.

“Brian served as a director on the fair board for many years. He was passionate about doing the right thing for the kids and the fair. He wanted to see both succeed,” said Hassinger.

“Kathy was a 4-H volunteer for many years. At the fair she helped with social media, the website, the premium

book, and led the Junior Committee.

“Shea, in my mind, became synonymous to rabbits. Raising and showing their own rabbits, they would often supply rabbits to youth who needed a project for 4-H, and FFA. Exhibiting locally and nationally, the Shea name is well known.

“They always had time to help or to just listen. It didn’t matter if it was a new 4-H or FFA youth who needed help with a project or one of the many tasks needing completion on the fairgrounds, they were always there and willing to help. This included their dedication to raising funds for a new arena.

“They were an amazing team. We were lucky to have known them; they will be forever missed,” added Kathy Weller, 4-H Educator of Snyder County from the Penn State Extension Service.

Mark your calendars for The Shea Memorial Farm to Table Dinner being held on Friday, July 31 from 5-7 pm at the Beaver Community Fairgrounds in Beaver Springs. Dine-in or Take-out. Pre-ordered tickets required; \$25 each. Call 570-658-4963 ext. 0 to reserved your tickets RSVP by July 24. Limited tickets are available at the

PA has an abundance of dirt race tracks and our local racers from Snyder and Union county are showing up and finding success.

On Friday night at Selinsgrove Speedway racer Ken Duke Jr. from Winfield won his 10th feature of his career in the 305 Sprint car event. Ken is also a multi-time champion at this speedway. Finishing in 3rd place was Kreamers; Kruz Kepner who earned the Len Krauthem Auto Sales and Service Hard Charger award gaining 5 positions to earn that award.

In the URC 360 Kramer Kup sprint car race, driving the Kirk Ritter #35 360 sprint car from Middleburg was Jason Shultz of Carl-

isle not only setting fast time in the time trials but finished the night by winning the coveted Kramer Kup for his efforts. (see separate story on the Kirk Ritter Racing Team) Also making an impressive run in the 360 URC event was Middleburgs, Mike Walter driving the #7 finishing in 3rd place and winning the Hard charger award by moving up 11 positions to win that award.

Not to be out done, Andrew Yoder of Middleburg finished 4th in the Limited Late Models and moved up 6 positions to earn the Hard Charger award for that division. To say the least; the Snyder and Union County racers are getting it done in fine fashion.
