The Meaning of Veterans Day

By Kay Poeth

Veterans Day was established to honor all of those who have served the country both in war and peace, dead or alive. Veterans Day is intended to thanks living veterans for their sacrifices. For those who served in the military, Veterans Day pays homage to freedom, sacrifice, and honor.

Originally, Veterans Day was called Armistice Day. It commemorated the end of World War I which formally concluded at the 11th hour of the 11th day of the 11th month of 1918 when the Armistice with Germany went into effect. It signaled the end of hostilities during the Great War. It is referred to as the end of "the war to end all wars."

Armistice Day was renamed Veterans Day in 1954 after World War II "required the greatest mobilization of soldiers and sailors, Marines and arimen" in U.S, history. At the urging of veterans and veteran service organizations, the proclamation was changed. It became a day to honor American veterans of all wars. President Eisenhower signed the bill proclaiming November 11 as Veterans Day.

Each year The Veterans Day National Ceremony is held at Arlington National Cemetery. On November 11 at precisely 11 am a wreath is laid at the Tomb of the Unknowns and the ceremony continues inside the Memorial Amphitheater with a parade of colors of veterans' organizations followed by remarks from dignitaries. The ceremony honors and thanks all who have served in the United States Armed Forces.

There is a distinct difference between Memorial Day and Veterans Day. Memorial Day honors military personnel who have died while serving in the military. Memorial Day is a day of remembrance. Veterans Day honors living and deceased American veterans for their love of country, patriotism, and willingness to sacrifice for their country. Veterans Day is day of appreciation and gratitude for all who have served. That is why we say, "Thank you for your service" on Veterans Day.

SUN Tech Hosts Second Annual Community Trunk-or-Treat Event

SUN Area Technical Institute (SUN Tech) welcomed families from across the tri-county region for its second annual Community Trunk-or-Treat event, held Saturday, October 24. The event provided a safe, family-friendly Halloween celebration while fostering connections between the school and the community it serves.

Organized by Kaylee Moser, Patient Care Technician Instructor, and Brian Lauver, Carpentry Instructor, the event reflects SUN Tech's commitment to giving back to the community. Seven SUN Tech programs participated by decorating trunks, distributing treats, and selling refreshments to support their respective SkillsUSA and HOSA student organizations.

Funds raised through these organizations help students cover expenses not funded through educational budgets, including class jackets, meeting refreshments, and supplemental costs associated with educational field trips and student activities.

In addition to SUN Tech program participation, numerous local businesses and SUN Tech staff members joined the event by creating themed trunks and engaging with attendees, helping to make the evening both festive and memorable.

Moser and Lauver would like to extend their sincere appreciation to Norm's Drywall and Norm and Courtney Moyer for sponsoring the free "Walking S'mores" station, one of the event's most popular attractions among children and families.

Community members interested in learning more about SUN Area Technical Institute, its educational programs, or opportunities to support student initiatives are encouraged to contact SUN Tech at 570-966-1031.

Bewitching Creatures at Beavertown Library

By Kay Poeth

Bewitching creatures haunted the Beavertown Library for Ghouls Night Out on Halloween. Then the Boo Crews traveled to their next spooktacular stop.

REASON # 0017 – TO HEAT WITH A – CENTRAL BOILER OUTDOOR FURNACE
CentralBoiler.com
Outside burning beats inside. Every time.
There's a reason we build campfires outside and not in our living rooms. It's just fact, there's a much safer, cleaner, and more comfortable option. When it comes to wood burning heat...we say, take it outside.

Police

SELINSGROVE STATE POLICE
Found Property 11:05 a.m. October 28, on Lorian Drive, in Penn Township. PSP responded to the report of a found wallet. The owner of the wallet was located.
Crash 5:47 p.m. October 28, on Penns Drive, north of Attig Road, in Monroe Township. A 1994 Toyota 4-Runner driven by Colby W. Jordan, 23, of Selinsgrove, was traveling south on Penns Drive. A deer entered the roadway and Jordan attempted an evasive maneuver to avoid the deer. The Toyota 4-Runner struck the deer and traveled into the northbound lane of travel. Jordan activated the brakes and traveled off the east side of the roadway into a telephone pole. Minor injuries were reported. Jordan was issued a written warning for driving on roadways laned for traffic (single).
DUI Crash Alcohol 5:33 p.m. October 26, on 10th Avenue/N. Susquehanna Trail, in Shamokin Dam. PSP began investigating a crash. After investigation, it was determined the a 58 year old male, of Sunbury, who was driving a 2010 Subaru Forester was under the influence. Charges pending.
Crash 8:33 a.m. October 31, on N. Susquehanna Trail at its intersection with 9th Street, in Monroe Township. A 2025 Freightliner driven by Mahmoud M. Hassan, 36, of Tukwila, WA, was traveling in the right southbound lane of N. Susquehanna Trail, prior to its intersection with 9th Street. A 2016 Nissan Versa driven by Rayven S. Hassinger, 20, of West Milton, was traveling straight through the intersection from 9th Street and had a green signal. The Freightliner ran the red light on N. Susquehanna Trail and struck the Nissan Versa in an angle style impact. The Nissan Versa rotated counterclockwise and came to rest in the intersection. The Freightliner subsequently traveled off the southbound side of the roadway and struck a curb before coming to rest on the southbound shoulder of N. Susquehanna Trail, just south of the intersection. There were multiple witnesses who were interviewed on scene. Surveillance footage also captured the crash and was provided to State Police. Serious injuries were reported. Hassan was cited for failure to stop a red signal.
Endangering Welfare of Child 8:40 p.m. October 29, on Fairview Drive, in Perry Township. PSP was dispatched in reference to a CY104. Case is ongoing.
Stalking/Harass Follows Person Between 9:30a.m.-9:40a.m. November 1, on N. Susquehanna Trail, in Monroe Township. PSP investigated a harassment incident.

Cedar Grove Church to host Juniata Valley International Gifts Sale

Michelle Brubaker looks over items available at a prior International Gifts Sale.

Mifflintown, PA – November 19, 20, 21, 2026 – Cedar Grove Brethren in Christ Church will support the efforts of artisans around the world by selling their handcrafted gifts. Home décor, winter wear (hats, mittens, scarves, and more), Christmas items, (ornaments, nativities and more), toys, jewelry, clothing, linens, baskets and fair trade food (coffees, teas, chocolates, soup mixes, spices, oils, and more). The event which will be held at the Cedar Grove Church, 287 Deerville Rd, Mifflintown, offers a unique opportunity for people in the central Pennsylvania communities to invest in their world by shopping fair trade. Shoppers will also learn more about skilled artisans in Africa, Asia, and Latin America. Local baked goods will also be offered Friday and Saturday.

The Cedar Grove Church has hosted the festival for more than 30 years, each year showcasing handcrafted items marketed by Ten Thousand Villages, SERRV, Women at Risk, India Hope Chest, Shop with a Mission and Education and More. By shopping fair-trade you will help skilled artisans in third world countries receive a fair price for their handcrafted wares, create employment opportunities and assist them in being able to pay for uniforms, books and additional fees in order to send their children to school and provide better opportunities for their future."

Sales like the one held at Cedar Grove Church owe their success to dedicated local volunteers. Approximately 50 volunteers will unpack the crafts, serve as sales clerks and clean up following the event. For more information on this year's International Gifts Festival, visit us on Facebook or at our Juniata Valley International Gifts Sale website.

The Juniata Valley International Gifts Sale will be held Thursday, November 19 from 6-8 pm, Friday, November 20 from 9 am to 7 pm, and Saturday, November 21 from 9 am to 3 pm.

Midd West Senior Completes Eagle Project Honoring Veterans

Snyder County Historical Society President Lee Knepp and Eagle Candidate David Boonie on the freshly painted Soldiers' Memorial steps.

David Boonie, a member of BSA Troop 415, has completed his Eagle Scout service project by restoring the concrete steps and supports at the Snyder County Soldiers' Memorial in Middleburg. The 118 year old memorial, dedicated in 1908, honors more than 1,000 Snyder County veterans and remains a prominent landmark visible from US 522/PA 104.

David Boonie, a resident of Kreamer, is a senior at Midd West High School. He is dual enrolled at SUN Area Technical Institute in New Berlin and Penn College of Technology in Williamsport, where he plans to pursue a degree in Cybersecurity.

The concrete steps leading to the memorial had become worn, cracked, and patched over time, creating both safety concerns and an appearance unworthy of the veterans it honors. Boonie led a team of volunteers to clean, seal, and stain the steps, side supports, and cannon bases, improving both safety and curb appeal. He shared that completing the project before Veterans Day was important to him so that "our veterans receive the honor they deserve."

Reflecting on the experience, Boonie said, "I demonstrated leadership by deciding not to wait for perfect weather and using the window of opportunity we had. With how much it rained in September, ideal conditions weren't likely, but we went out when the concrete was dry and we were able to complete the work. The most rewarding part was looking back at the photos from before we started and seeing how much better the memorial looked just a few weeks later."

He added that coordinating volunteers was one of the biggest challenges. "Leadership won't always happen under ideal circumstances. I learned to keep moving forward even when Murphy's Law rears its ugly head."

Boonie expressed gratitude to the Snyder County Historical Society, donors who contributed materials, and volunteers who provided tools and support. Special thanks to a neighbor who also quietly donated access to water so the steps could be power washed prior to staining. The Snyder County Historical Society contributed funds for the project through its Centennial Adventure card and coin sale, an initiative that also helped support a recent roof restoration project at the same site.

Boonie's project continues a growing tradition of Eagle Scout contributions to the Snyder County Soldiers' Memorial, following earlier projects by Dillon Kerstetter (2014) and Ethan Bobb (2025). Together, these efforts help preserve the memorial's legacy and ensure that Snyder County's veterans are honored with dignity for generations to come.

HOSA Blood Drive Makes a Life-Saving Impact at Sun Tech Institute

On Monday, September 21st, HOSA hosted a successful blood drive at Sun Tech Institute in partnership with the American Red Cross. Students and teachers came together to donate blood and make a difference in the lives of those in need.

The blood drive was supported by students and volunteers from several programs, including Patient Care Technician (PCT), Nurse Aide (CNA), Criminal Justice, and Dental. Their participation and willingness to help made this event a success and demonstrated the importance of teamwork, community service, and giving back.

Together, students and teachers donated an impressive 29 pints of blood! Each pint of blood has the potential to save up to three lives, meaning these donations could potentially help save as many as 87 lives. This incredible accomplishment highlights how one small act of kindness can make a significant difference in someone's life.

HOSA and Sun Tech Institute would like to thank everyone who donated, volunteered, and helped make this blood drive possible. Your generosity and support are greatly appreciated!

Selinsgrove Ford Trunk or Treat Event

By Debbie Gastelu

An Aerial shot was taken overseeing the huge display thanks to Derrick 'Porky' Cook with the help from Dauntless Hook and Ladder truck

South Hill Kennels has a nice display and was a huge hit with the tricker treaters.

The race cars on display were a huge hit with Nathan Long Racing displaying his beautiful super late Model

The goats were a popular stop with the kids provided by with BJE Poultry Contracting.

Rylie Yoder daughter of Andrew and Krista Yoder of Middleburg in her beautiful costume.

The first annual Trunk or Treat event hosted by Selinsgrove Ford was a huge success with hundreds of tricker treaters meeting with area businesses that setup for the Halloween trunk or treat event.

Kids and parents and even dogs came fully dressed in their Halloween costumes to be greeted by local race cars and their drivers such as Nathan Long Racing showcasing his Super Late Model, Mike Walter with his #33 410 sprint car, Hayes Mattern brought his beautiful Super Late model and Dave Snook brought his Street stock and his driver Nate Stroup.

Also on hand were local first responders with Reliance Hose Company No. 1, Hummels Wharf Fire Rescue, Dauntless Hose and Ladder Fire Co. and Selinsgrove Borough Police.

Local businesses also set up with Paws 4 Paws Therapy Canine Obedience Training, BJE Poultry Contracting was a huge hit bringing goats for kids to pet, Susquehanna Valley Auto, Adam Transportation Glass, A1 Towing & Recovery, Star Mechanical HVACR, Junker Services, Stadium Dirt Designs, McKinney Polishing and South Hill Kennel Golden Retrievers and a few others.

Food vendors were also available with Mad Dogs LLC, Radels Raging BBQ, Dirty Lemon Cafe and Windy Wagon were on hand for the hungry tricker treaters.

It was great to see this event have such a huge success on their first year, Kudos to all that took part and can only imagine how big this event will be next year.

Items Offered Every Day: Fried Chicken, Potato Wedges, Baked Beans, Macaroni & Cheese

Midd-West football (3-7) finished their season on a high note again by shutting out (5-5) Holy Redeemer 21-0. Redeemer was looking for their first winning season ever and play Dunmore in the first round of D2 playoffs, good luck with that. This game was all about the dominance Midd-West had over Redeemer.

The Mustangs allowed just 26 yards and coach Jeff Janovich said ¨Our defense was just absolute monsters and looked great.¨ How apropos on Halloween Eve! Jared Devine had 2 ½ sacks to set the school record for career sacks. Noah Kratzer led the offense with 59 yards rushing and 32 yards receiving with two TDs. QB Witten Carter finished the year with a season school record of 1,573 yards passing.

Selinsgrove lost 49-19 to Southern Columbia after Southern took control of the game with 29 points in the third quarter. Rocco Amato threw for 351 yards and Nash Fordyce had seven catches for 174 yards and 2 TDs. Jonathan Neidig had 10 receptions totaling 163 yards. Of interest to some, Selinsgrove freshman kicker Emma Moyer scored 5 points on the gridiron and 12 points so far playing field hockey.

Mifflinburg held off Lewisburg 22-14 in claiming the Little Brown Jug. Landon Moser ran the ball 38 times for 240 yards and two TDs. It was a fumble on Moser´s 39th carry that almost allowed Lewisburg a last chance until Moser's teammate Isaiah Kurtz saved the game by recovering the fumble. This was after Hudson Troup intercepted a Xavier Carter pass in the red zone with under two minutes to play.

The Wildcats enter the D4 3A districts riding a seven game win streak as the #2 seed and will host Danville Friday night. Lewisburg is the #5 seed and travels to Montoursville to play the Warriors Friday. This is not a season rematch between these teams but Miff beat Montour and Lew lost to Danville. Grove grabbed the last 4A district spot and will travel across the river to play #1 seed Shik.

There´s no better time to score your first career goal in the first round of the playoffs. Danika Burd and Lydia Moore did just that, propelling Selinsgrove to a 3-0 win over Northwest. Violet Shaffer finished the Seals scoring with a goal late.

Grove´s march continued with a 1-0 win over Central Columbia on Kinsey Erb´s second quarter goal off Alexis Stoneburg´s assist. The Seals played tough D the rest of the game to preserve that one shot lead for their third consecutive one goal win over Central.

Midd-West beat Bloom 2-1 in OT in their opening round game on an assist from Veyda Trego to Josephine Boyd for the game winner. Trego also had the game-tying goal . Midd-West created a showdown with Selinsgrove by beating Line Mountain 1-0 on Alaina Boney's lone goal. Line Mountain beat Lewisburg 2-0 to face Midd-West.

It was an all Snyder county D4 title game when MW played Grove Wednesday Night. Both teams will advance to States as well as the third place team. The D4 class A tourney went chalk with three of the four top seeds making it to the semis. The outlier was #8 seed Central (12-9) who upset #1 seed and now 17-2 Mifflinburg 2-1 in an absolute stunner.

This is the first time this decade that a #1 seed lost their first game in districts and that the #1 seeded D4 class A team did not qualify for the state tournament. They say a rising tide raises all boats and that has never been more evident than in D4 field hockey.

The boys Midd-West soccer team (17-2) ended Grove's season with a 3-0 shutout. Abram Sellers had two goals and Evan Devine two assists. Midd-West played Athens for the D4 3A title. Lewisburg beat Loyalsock 2-0 behind two goals from Riley Gulden-Luthi in the defending PA state champs first playoff game. They played Williamson Tuesday night for a chance to play in the district 2A final.

The #1 seeded Grove girls soccer team (15-1-3) came from behind to defeat their five year playoff nemesis Shik 2-1. Karsen Dodge tied the game with an assist from Chella Amato and Morgan Wenzel scored the game winner. Selinsgrove played Danville in the D4 3A championship game Wednesday.

At the D4 girls cross country tourney Lewisburg, Midd-West and Selinsgrove finished 3,4 and 5 respectively in the team race. Qualifiers for states and their place are Grove's Lake Dent 5th, Isabel Clark 11th and Ashtyn Lukens 12th. Going to states from Lewisburg are Ella Beal 10th and Kaelyn Bozella 14th.

On the boys side teamwise it was Lewisburg 4th, Midd-West 7th and Selinsgrove 14th. State qualifiers include Hugh Ikeda Shields 4th and Tyler Confer 9th from Lewisburg. Midd-West will be represented by Grant Boop 8th and Lyncoln Hoffman 10th.

I mentioned the Little Brown Jug earlier and since 1943 it had been awarded to which school won the football game between the two Union county schools. Back in the early 90´s it became the ¨All-Sports¨ award based on a year-long point system tracking varsity head to head competition between the two schools. The reason for this I'm guessing was to be more inclusionary of all athletes. This was and still is wrong!

Call me a traditionalist or old-school, I don´t mind. College football has the Old Oaken Bucket, Floyd of Rosedale and Paul Bunyan's Axe just to name a few. The wrestling, basketball, tennis or field hockey teams have nothing to do with these traditional trophies.

I have no problem awarding a trophy to neighboring rivals that include every sport. You can call it the Union County Cup or The Kreamer Cup between Midd-West and Selinsgrove. How about The Bridge Trophy between Grove and Shik? Just don´t mess with the Little Brown Jug and its tradition. I can envision either team hoisting The Jug as they valiantly walk off the football field as winners.

It´s going to be longer than normal until we have Major League baseball again. Billionaire owners want a salary cap and the millionaire players want a bigger piece of the pie with no salary cap. The simple solution is to have a cap but also a floor that every owner must pay their team as a whole. While they´re at it, reduce the regular season to 154 games like it was for sixty years before I was born. I told you I was a traditionalist.

I know with the recent success of low payroll teams in the playoffs the owners will say competition is still fair with lower payrolls. This year was an anomaly as the Dodgers and Yankees have proved in the past. All the other leagues have a cap and it seems to be working for them.

We must give the Milwaukee Brewers their flowers. They earned and deserved their World Series title. They beat the hottest team entering the playoffs (the Padres), the team with the most wins in the AL (the Rays) and the most accomplished team in baseball (the Dodgers.)

The Brewers and Rays play baseball like it was played when I was growing up. Great defense, move the runner up and have a deep bullpen. The outstanding Brewer relief pitching is what separated these two comparable teams.

The Dodgers play like individual contractors and the Brewers like a family-owned business. The entire team played for each other as opposed to the most highly paid teams playing for individual stats. Let´s not forget that the Brewers were the leading team to trade for Tarik Skubal before the trade deadline. The Dodgers got him instead which disappointed many in the Brewer´s clubhouse.

To quote Brewer manager Pat Murphy while addressing this letdown to the team, ¨We have enough in this room right now, we don´t need anybody else.¨ He was right. Milwaukee´s management knew what they had and since Labor Day the Brewers lost just five times in the final 52 days of their season.

This team isn't going anywhere soon as they are very young. The Brewers have two superstars in Cooper Pratt and Jackson Chourio who are both only 22 years old. They also started a rookie pitcher in seven of their thirteen games this postseason, not counting second year 24 year old Jacob Misiorowski. Milwaukee went 11-0 in the four Miz starts and the two rookies, Logan Henderson´s and Robert Gasser´s seven starts. Watch the Brew Crew get even better in the years to come.

The only thing I saw wrong with Milwaukee was they were drinking Coors light during the locker room celebrations. Isn´t Milwaukee the home of Miller beer? Comments and questions welcomed at theviewfromhear74@gmail.com

Winfields' Ken Duke, Jr wins a Record 4th Sprint Car Championship

By Debbie Gastelu

Ken Duke, Jr of Winfield in victory lane with his wife Donna winning at Selinsgrove Speedway this year in the 305 Sprint car event. Photo by Debbie Gastelu

Ken Duke, Jr driving the #90 for car owner Doug Lucas of Midddleburg winning at Big Diamond Speedway in August.

Winning a record 4 championships with the PASS (PA Sprint Series) was not even on the radar when the 2026 racing season began. "We experienced our share of growing pains, mechanical issues, and frustrating nights, but we kept working at it, and as the season progressed, we found ourselves in a position to compete for another championship" Stated Ken of Winfield.

The Duke racing team was fortunate enough to team up with Middleburg's, Doug Lucas a car owner with deep roots in the sprint car scene. Their partnership came about a year ago when Doug was looking for a driver for his #90 305 Sprint car when he received a phone call from Ken Duke, Sr stating his interest in possibly teaming up. Doug's main goal was to win a few races and knew Ken Jr. had the experience and talent to get that done.

Well, that goal became a reality when Ken won in Doug's sprint car at Big Diamond Speedway in August which ironically was just 15 minutes of where Doug grew up. To top it off, the win was the first win in 40 years in the family owned #90. Since that win, they knew it could be possible to run for the championship.

'Sometimes the seasons that don't go exactly as planned turn out to be the most memorable. Getting involved with Doug and the Lucas Racing #90 has been a really rewarding experience. Doug has put so much time, effort, and dedication into carrying on his family's racing tradition, and I really wanted to help him experience that first victory as a car owner' stated Ken.

For those that follow the 305 sprint car series, know how tough and competitive that division is. Ken still enjoys racing and competing against these tough competitors. After all these years, the desire to compete and win hasn't gone away. 'The older you get, the more you appreciate how difficult it is to be successful in this sport. Winning means more to me today than it ever has, because you realize how hard those opportunities are to come by, and you never know when the last one might be' mentioned Ken.

If course the word 'team' exactly means that, Ken's is so appreciative of all the amazing support from his family, crew members and dedicated sponsors that have helped out over the years.

For 2027 the plan is to once again split the racing with the Dukes #67 and Lucas's #90 305 Sprint cars and run for track points and do more traveling and yes, have fun!

Midd-West High School September 2026 Young American

Midd-West High School is pleased to announce September's Young American for 2026 is Evelyn Holler. She is the daughter of Benjamin and Shannon Holler of Middleburg. Evelyn serves in various leadership roles as President of Science Olympiad (12th), Key Club Bulletin Editor (12th), and Stage Crew Manager (11th-12th). Evelyn was awarded and completed the Harvard Independent Journalism Academy. She received First Place in the Law Day Art Competition in 10th grade. Evelyn was chosen as the 10th Grade Leader of the H.E.R.D. and the 11th Grade Student of the Month. She has achieved Distinguished Honor Roll every year since 9th Grade. Through school she gives back to her community by actively participating in Key Club. Evelyn has participated in mission trips to New Mexico (2026) and Love the Hill (2025). She is active in her church at Grace Covenant Community Church as a Youth Leader and member of the Worship Team. Evelyn demonstrated several of her unique talents as she sang and played both the harmonica and piano for the song "Piano Man"during a Modern Band Concert. Evelyn plans to further her education by majoring in Journalism and minoring in Political Science, most likely in the Boston area. Evelyn feels she was chosen as a Young American because she always pushes herself both academically and within her extracurriculars that she is involved. Evelyn would like others to know that she loves her family (and dog) for always supporting her throughout high school, plus she drives a cool, old Mustang.

HVAC Technology Students Host Successful Chicken BBQ

NEW BERLIN, PA — Students in the HVAC Technology program put in a full day of hard work and community service on Saturday, October 24, beginning before sunrise and continuing well into the evening.

The day started at 5 a.m. when students, accompanied by HVAC instructor Ethan Spotts and Building and Grounds Supervisor Mike Spotts, arrived on campus to begin preparing for the program's first-ever Chicken BBQ fundraiser. Proceeds from the event will help support student-selected activities and purchases that enhance the educational experience, including class jackets, field trips, and other class events.

Thanks to the generosity of local businesses and community supporters, nearly all funds raised from the event will directly benefit students. The HVAC Technology class extends its sincere appreciation to Trissler's Plumbing & Heating, Cole's Hardware, Middleswarth Chips, Weis Markets, and Wenger's Grocery Outlet for their contributions and support.

The class would also like to recognize Brooke Zechman, class paraprofessional, along with Jodi and Justin Marshall, for volunteering their time and assistance during the chicken pick-up process.

"Our biggest thank you goes to everyone who supported the fundraiser and came out to purchase chicken," said the class. "The community's support made this event a tremendous success."

Following the fundraiser, several students and instructor Ethan Spotts returned to campus to participate in the 2nd Annual Trunk-or-Treat event. Their station offered attendees the opportunity to bob for apples and collect candy, providing a fun and festive experience for local families.

Although it made for a long day, the students felt it was important to give back to the community that continually supports their program. Their dedication to both fundraising and community engagement reflects the values of service, teamwork, and leadership that are central to the HVAC Technology program.

Community members interested in learning more about SUN Area Technical Institute (SUN Tech), its educational programs, or opportunities to become involved and support student initiatives are encouraged to call 570-966-1031.

Obituaries

Lillian Marie Newcomer, 87 of Selinsgrove

Lillian Marie Newcomer, 87 of Selinsgrove, PA, formerly of New Bloomfield, PA, passed away peacefully on October 27, 2026, at Geisinger Medical Center in Danville.

She was welcomed into the world on November 19, 1938, in Williamsport, PA by the late Leslie and Mary (Hall) Mayer. She was also predeceased by her sister Helen Pearl Casselberry (Raymond) and her son Billy Newcomer.

Throughout her life, Lillian was known for her vivacious spunky personality, love of animals, especially cats, and passion for fitness, spending hours in the gym. One of her passions was participating in powwow gatherings around Pennsylvania and was bestowed by the tribal name Spotted Hummingbird. In recent years, she enjoyed trips and spending time with friends at the Selinsgrove Senior Center. Throughout her life, she enjoyed working and retired from the Commonwealth of Pennsylvania as a data entry clerk.

She will be deeply missed by her son, David Newcomer; daughter, Wendy Devine; grandchildren, Colin Whitfield, Tara Lash, Johnny Newcomer; and great grandchildren Gage and Savanah; as well as by other family, friends and colleagues whose lives she touched.

A celebration of life will be held later at the convenience of the family.

In lieu of flowers, memorial contributions can be made to the Perry County Animal Rescue, 379 Sugar Run Road, Millerstown PA, 17062.

Arrangements by V.L. Seebold Funeral Home, Selinsgrove.

Cathy G. Herrold March 21, 1957 – October 28, 2026

Cathy G. (Spigelmeyer) Herrold, 69, of Selinsgrove, died Wednesday, October 28, 2026, at Geisinger Medical Center in Danville, with her husband, George, and her children, Lindsay and Brian, at her side.

Cathy was born March 21, 1957, in Lewisburg, the daughter of Charlie and Grace Spigelmeyer, who survives her. She met George at Selinsgrove High School in 1973. They married in 1979 and shared 47 years together.

In 1972, her parents opened Graci's Flowers, named for her mother. Cathy went to work there and never really left, taking over the shop in 1999. Over five decades she arranged flowers for countless weddings, funerals, proms, and apologies. She survived more chaotic Valentine's Days and Mother's Days than any reasonable person should, and she came to know a wonderfully eclectic cast of customers, many of whom became friends.

Her humor was dry, understated, and delivered with perfect timing. Her children inherited it from her in spades, although she occasionally regretted the extent to which they did.

She never met a mystery she didn't like. Agatha Christie was her favorite, and she likely knew whodunit before Poirot or Miss Marple did. She loved summers at the beach in Ocean City, a summer afternoon run to The Fence, the occasional sweet coffee treat, and dark chocolate, the darker the better. A longtime member of Trinity United Methodist Church in Middleburg, she served as the membership secretary and Sunday school teacher for decades.

When she was diagnosed with leukemia in March 2025, Cathy insisted on walking into the emergency room on her own and waiting her turn. Her doctors were astonished she could even speak, let alone walk – that was the degree of her resolve and fight. She met the next year and a half the same way, steady, stubborn, and entirely herself. Near the end, she made it home for one more day with family and the cats, which was exactly where she wanted to be.

In addition to her husband and parents, Cathy is survived by her daughter, Lindsay of Selinsgrove; her son, Brian of State College; her brother, Kim Spigelmeyer, and his wife, Pat, of New Jersey; and her cats: Max, who loved her with more enthusiasm than caution, and Abby, who loved in her own way and mostly kept that fact to herself.

The family is deeply grateful to the doctors, nurses, and staff of Geisinger, who cared for Cathy with skill and kindness throughout her illness.

A viewing will be held on Monday, November 2, 2026, from 6:00 p.m. to 8:00 p.m. at the V. L. Seebold Funeral Home, 601 N. High Street and again on Tuesday, November 3, 2026, from 10:00 a.m. until the time of the funeral service at 11:00 a.m. with Pastor Becky Cuddeback officiating.

Burial will be in Salem Lutheran Cemetery, Selinsgrove.

In lieu of flowers, though she'd have understood more than anyone if you sent some anyway, memorial contributions may be made to Blood Cancer United (formerly the Leukemia and Lymphoma Society - https://bloodcancerunited.org/), PO Box 22324 New York, New York 10087 or to Trinity United Methodist Church, 51 S. Main Street, Middleburg, PA 17842.

Alan P. Deppen, 55, of Penns Creek

Alan P. Deppen, 55, of Penns Creek, unexpectedly passed away in his sleep - a hobby that he could do anywhere.

He was born November 28, 1970, in Lewisburg, the loyal son of Sandra A. (Hummel) and Richard P. Deppen Jr.

While Alan started out as a kindergarten dropout, he did go on to graduate in 1989 from Selinsgrove Area High School and SUN Tech.

After graduation, Alan entered the workforce with Cellitti Moving Company. He learned the ins-and-outs of furniture moving from his uncle, Donald Mack. Over the next many years, Alan provided his hard-work, talents, and unsolicited advice to numerous trucking companies including North American Van Lines and Ivan P. Lauver & Sons. Most recently, Alan was employed by Weis Markets working with the maintenance garage.

Affectionately known as Big Al, he had many hobbies that revolved around food, cars, and helping those he loved. He enjoyed cooking and grilling for those around him and was famously known for his eyes bigger than his stomach. He always had a project, whether in the house, outside, or on a car. With a black coffee in hand, he was ready to "get-it-done". He was happiest when joined by any of his four daughters on one of those little adventures - holding the flashlight, handing him tools, or grabbing the spices for whatever he was cooking up. If you knew Alan, you knew he loved his daughters and would do anything for them.

Alan was and is loved by his four daughters, Mary "Katie" Deppen, Sarah Deppen, Nicole Deppen, and Erin Deppen; his mother, Sandra Deppen; his brother Richard Deppen (Kim); his sister Linda Wilson; and a rather large, rowdy extended family.

Alan was preceded in death by his father, Richard P. Deppen Jr.; his paternal grandparents Mary and Richard P. Deppen; his maternal grandparents, Leon and Emma Hummel; and his uncle, Donald Mack.

Family and friends may visit from 6 to 8 p.m. Wednesday, November 4 at V.L. Seebold Funeral Home, 601 N. High Street, Selinsgrove, PA. Visitation will continue from 10 to 11 a.m. on Thursday, November 5 at the funeral home followed by the funeral at 11 a.m.

Burial will follow at Shreiner's Cemetery, Selinsgrove.

Yvonne M. Roadarmel Jul 1, 1943 - Oct 27, 2026

Yvonne M. Roadarmel, 83, of Port Trevorton, entered into rest on Tuesday, October 27, 2026, at Geisinger Medical Center, Danville. Service will be private at the convenience of the family.

David A. Roush, Freeburg

You will be missed...

Heaven just got a little rowdier and more likely to be filled with practical jokes and pranks...

David Allen "Pork" Roush, age 70, passed away peacefully at his home in Freeburg, PA with his family by his side on Friday October 30th, 2026. He had been in declining health over the past several years.

His last days were filled with Family & Friends visiting, sharing hunting stories and tales of the "good 'ol days." We learned about a lot of "shenanigans" from his younger years. Dave was the youngest, "the baby", of 8 and said to be very spoiled!

David was born on October 13, 1956, in Danville, PA. He was the son of the late Grace (Kerstetter) Roush and Orville Roush. He grew up in Freeburg, PA.

Pork, as he was known to his closest friends and family, was a laborer in many different roles at Wood-Mode and Yorktown Cabinetry for the entirety of his working career. He was also very skilled at Masonry. Pork was known for his sense of humor, love of pranks, work ethic and dedication.

Beyond his career, he loved spending time with his family, hunting, fishing and maintaining a beautifully manicured lawn.

He is survived by his wife of 47 years, the former Penny Meiser; his daughters Mindy Roush and Janell Roush; grandchildren Nevaeh Roush and Maverick Miles; brother Glenn "Butch" Roush; sister Barbara Chappell; and multiple nieces and nephews whom he adored.

He was preceded in death by his parents and his siblings Stanley Roush, Joann Minium, Erma Stroup, Jean Feltman and Donna Gehman.

Family and friends will be invited to a celebration of life to be announced at a later date. In lieu of flowers, the family requests that a tree be planted in his memory for his love of hunting and the outdoors.

Arrangements by the V. L. Seebold Funeral Home, 601 N. High Street, Selinsgrove, PA

Beavertown Community Library Hosted October Puzzle Swap

By Kay Poeth

The Puzzle Masters were thrilled with the great selection of puzzles available at the Puzzle Swap held at the Beavertown Community Library.

On Saturday, October 24, Beavertown Community Library was a bustling place as the Puzzle Swap got underway. The Puzzle Pros were thrilled with the great selection available; there were over 250 puzzles to choose from in a variety of sizes. The tables were overflowing. Choices! Choices! Choices! The rules are simple. Bring a jigsaw puzzle and exchange it for a different one. Just in time for snuggling in for cold weather entertainment.

According to Valerie Moyer, Librarian, "After making their swaps, attendees left with fresh puzzles and big smiles. The hardest part was deciding on which puzzles to take home!"

In addition to the puzzle exchange, library patrons perused the arrival of a new assortment of books. What a bonus… reading and being a Puzzle Master!

"We are grateful to everyone for their support as together we strive to keep our little local library a viable, safe, nurturing and an importance place for everyone in our community," said Moyer.

The next Puzzle Swap is scheduled for January 2027.

"FeedCENTS: Feeding for Successful Reproduction" Workshop for Dairy Farmers & Reps

Dairy farmers and industry representatives are invited to the "FeedCENTS: Feeding for Successful Reproduction" workshop hosted by Penn State Extension. This event will run from 10 am to 2 pm on December 8 with Registration at 9:30 am at the Rail Center, located at 184 Young Rd in Lewisburg.

Come learn how to get cows bred back, lactation after lactation! The day will start with Extension Veterinarian, Dr. Adrian Barragan's presentation: "The Impact of Disease on Cow Fertility: Can you Manage it With Synchronization Protocols?" Dr. Jim Lawhead (Extension Associate and former practicing dairy vet) will speak about fertility and preparing the cow for the next lactation. Dr. Leoni Martins, Nutrition Professor, will speak about nutrition's role in fresh cow health and first-service conception. There will also be a hands-on demo with repro tracks.

Early bird registration is $10 before December 1. After that, registration is $15. Children are $5. Please call Emily Fread at 704-301-3441 to register.

Stream Erosion Improvement Project at Frank Angelo's Property

By Kay Poeth

The team of biologists used hemlock logs and rocks as they worked on the stream erosion improvement project along Middle Creek at the property belonging to Frank Angelo.

The stream erosion improvement project included approximately 600 linear feet, 16 structures including 4 mudsills, 3 log cross vanes and 10 single log deflectors.

This photo shows the creek prior to the start of the project along Middle Creek.

Frank Angelo was thrilled when his property was selected for a Stream Erosion and Fish Habitat Improvement Project. He documented each day and stage of the project with photos and asked pertinent questions of the teams involved.

"I followed the project from Day 1 and observed how professional and organized the team worked as they analyzed and installed the logs and rocks," said Frank.

The project was under the partnership of the Natural Resources Conservation Service (NRCS), The PA Fish & Boat Commission, and the Snyder County Conservation District. According to Jason Winey, SC Conservation District Manager, "Snyder County Conservation District works with the PA Fish and Boat Commission to develop a plan to install these structures where they can improve bank stabilization and increase habitat for the fish in the stream."

Over a decade ago the Natural Resources Conservation Service created a conservation plan for wetlands preservation and wildlife habitat on the Angelo property.

Last fall 2025, Jason Winey from the SC Conservation District contacted Frank and informed him of a steam improvement project. NRCS, DEP, and the PA Fish & Boat Commission surveyed the stream and developed a design for the stream work that was approved. Aerial photos were taken of Middle Creek showing the proposed plan for the project.

"With my fly-fishing background of 67 years of experience, I was excited to improve the fish habitat. It will be a great benefit for instructional purposes and just overall improvement of the stream," Frank enthusiastically noted.

The project at the Angelo's Middle Creek property began on July 5, 2026, with logs, stones and other materials being delivered. 65 logs and #5 rocks were delivered and used to stabilize the bank. After the bank was regraded and backfilled, it was seeded and straw was placed for grass regrowth.

"The structures are great because they are generally low cost, look natural and hold up well to storm events. Hemlock logs are used because they hold up well when saturated and do not rot quickly," explained Jason Winey.

During the initial phase, the team completed a stretch of Middle Creek behind Frank's house. The East and West ends will be completed next summer (July 2027). The team waits to come in "after the spawn, when trout lay their eggs. Through the winter the eggs mature. Then from March-June, the eggs hatch and the young trout can survive," explained Frank.

Then, during the summer months, the team can complete their project.

According to Frank, "The improvement project enhances the steam by controlling bank erosion and heavy silt concentration and build up which ends up in the river and eventually ends up in the Chesapeake Bay." He continued his explanation by saying, "Heavy silt and erosion changes streams, destroys habitat and creates more erosion and pollution problems."

A 5-man team of stream habitat restoration specialists worked on the project. Stream deflectors were placed on each side of the bank to channel the water mid-stream, directing the water flow away from the banks to limit bank erosion. A combination of 65 logs and many tons of rock were brought in for the team to begin their work.

The Middle Creek Phase 1 work performed at Frank Angelo's property included approximately 600 linear feet, 16 structures including 4 mudsills, 3 log cross vanes and 10 single log deflectors.

"The end result has exceeded my expectations. They thoroughly completed the project with backfill, seed, and straw," said Frank.

Middle Creek Phase 2 in July 2027 will complete a total of 2270 linear feet of stream and 64 total structures once whole project is executed.

"I am looking forward to their return visit," said Frank as he envisioned the completed project and future plans. "It created wonderful deep holes in the creek for fish habitat."

Snyder County first started installing these in 2009 in the Mahantango Creek in Mt. Pleasant Mills. Those structures are still in place and working both as a measure to enhance stream bank stabilization to reduce erosion and as an effective way to create diverse habitat for trout in the stream.

Additional work accomplished in 2026 includes:

* Susquehecka Creek- approximately 1550 linear feet, 62 structures including 2 mudsills, 6 log cross vanes, 7 log frame deflectors, and the rest was single log deflectors.
* West Branch Mahantango Creek-approximately 615 linear feet, 35 structures including 1 mudsill, 24 single log deflectors, and 10 single log cross vane.
* Susquehecka Creek- Phase 2- approximately 1340 linear feet, 33 structures including 4 mudsills, 15 single log vane, 5 log framed cross vane, 6 log frame deflector, and 3 areas of brush revetment.

The structures are permitted and installed with PA Fish and Boat Commission. In some cases, individuals can obtain the permits and install structures on their own. Logs and stone are locally sourced and generally installed with local excavators familiar with the work. In 2025, McClure Boy Scout Troop 408 installed some of these structures for an Eagle Scout project.

Anyone with stream erosion should contact the Snyder County Conservation District for an assessment of their property or nearby stream. The purpose is to improve the stream bank and reduce erosion. The added benefit improves trout habitat.

Movie Night in Freeburg

Edited by Kay Poeth

Families enjoyed the Halloween Movie Night hosted by EA Church of Freeburg.

On October 16, Halloween Movie Night hosted by EA Church of Freeburg was a spooktacular event for the ghouls and goblins. The children were invited to attend in Halloween-themed pajamas with their sleeping bags, blankets and comfy pillows.

More than 40 families were welcomed to this festive fun event. The aroma of freshly popped popcorn filled the airwhile Halloween lights and decorations added a bewitching touch to the Freeburg Community Center Auditorium.Parents and kids enjoyed watching the movie and dancing to the music. Monster Mash, anyone? Kids enjoyed treats, Halloween gift bags, and delicious cookies donated by Subway.

Thanks to Pastor Jason Hostetter, volunteers and donations from Freeburg's EA Church and to Freeburg-Washington Rec Association for donating the space.

If you've missed this family fun event, stay tuned for more free Family Nights hosted by Freeburg's "Red" EA Church!

Living or Dead

II Timothy 4 **I Peter 4**

Paid for by Mervin M. Brubaker

The apostle Paul wrote in I Corinthians 15:20-22; as death came though Adam so also came the resurrection of the dead through Christ, yet he complained in verse 32, if after the manner of men I have fought with beasts at Ephesus, what advantageth it me, if the dead rise not?

And indeed Christ himself said, "John 3:14-17," that as Moses lifted up the serpent in the wilderness, evenso must the son of man be lifted up: that whosoever believeth in him should not perish, but have eternal life. For God sent not his Son into the world to condemn it, but that through him it might be saved.

Christ himself is that stone in Nebuchadnezzar's forgotten dream, which Daniel "chapter 2" told and interpreted for him. And Paul confirms in I Cor. 15:24, that when Christ has delivered the Kingdom to God, and has put down all authority, then cometh the end.

And in Malachi 4 it tells us that the day cometh that shall burn as an oven, and the wicked shall be stubble, but unto those that fear his name shall arise the sun of righteousness with healing in his wings,- and behold I will send you Elijah the prophet before the coming of that great and dreadful day of the Lord.

But Christ said: Elijah is come already. Matt 17:12. So the question is; what is now yet to come? Other than Christ's second coming. Who partakes of the thousand year reign? Rev. 20.

In Revelation 14 it tells us of three angels flying in the midst of heaven, the first one saying fear God, and give glory to him; for the hour of his judgement is come: the second angel saying: Babylon is fallen, is fallen; and the third angel warning of the wrath of God for those who worship the beast, and whosoever receiveth the mark of his name.

And John writes in his Revelation "1:7:, Behold, he cometh with clouds; and every eye shall see him, and they also which pierced him: and all kindreds of the earth shall wail because of him.

Even so, Amen.

Local Senior Centers Gather Together for Picnic

By Kay Poeth

Haydee Policastro and Dawn Ulrich play a game of tic-tac-toe before trying their skills at cornhole during the Snyder County Senior Centers picnic.

Hmm! Hmmm! Good guess for Pearl Reich in Price Is Right game!

Elizabeth Canfield, District Legislative Aide for PA State Rep. David Rowe, chats with Bob Fritz during the Snyder County Senior Centers Picnic.

Everyone was excited to socialize and see friends from all the Centers and spend the day together.

On October 2, 2026, the three Snyder County Senior Centers gathered together for a picnic at the Grady Kratzer Pavilion at Port Ann Wesleyan Church outside of Penns Creek. The fall weather was perfect for this joyful reunion of fellowship, fun, food, and music! The combined Senior Centers picnic was a huge success with nearly 90 in attendance.

"I have been looking forward to this annual picnic since last year. I enjoy the interaction of the folks from all three centers," said Tara Bassler, Manager of the Selinsgrove Senior Center.

Each row of picnic table had several fall decorations creating a festive look. The Beaver Springs Senior Center made 100 pumpkin and chocolate whoopie pies as favors. There was a cookie and coffee station to enjoy as all the guests arrived. Tammy Walter greeted each of the guests and obtained names for door prizes.

"As the sun starts to warm the air, soft chit chats and lots of laughter between old-time friends start to surface as all three of our Snyder County Senior Centers join in the annual picnic. I enjoy seeing the smiles and hugs with everyone," commented Tammy Walter, Penns Creek Adult Resource Center Manager. "I thank God for the opportunity to work with each and every one of them."

That sentiment of fellowship was repeated throughout the event. "I appreciate the community of Senior Centers meeting together with good conversation, good food, and plenty of laughter," said Nancy Watson from the Selinsgrove Senior Center. "Everybody reminisces and shares their thoughts."

"This year the weather cooperated. It nice to see the turnout and visit with folks you don't see often," noted Ron Kline from the Beaver Springs Senior Center. "This is an excellent location for this type of event with handicap accessibility for wheelchairs and walkers."

One group from the Selinsgrove Senior Center were playing the card game, Hand and Foot, while waiting for the program to begin. It seemed like a lively game and one gentleman was definitely a rebel rouser. Other members tried their luck at cornhole or tic-tac-toe.

"It's a wonderful outing where you get see different people and meet a lot of new people. It's a great time of fellowship, fun and food," added Elaine Martin of the Penns Creek Adult Resource Center.

Celebrity Evelyn Miller chuckled about signing autographs after the Duck Derby and Peach Festival articles appeared in the paper. The photogenic David Hassinger missed the picnic as he was volunteering with the Gideons at the Bloomsburg Fair. Albert Judge Wolbert gave me a huge smile when I arrived. I teased him about his duck call. Nancy Stoops captured the event with lots of photos.

Elizabeth Canfield, District Legislative Aide for PA State Rep. David Rowe, joined the festivities again this year. "One of the fall highlights is getting to attend the Senior Picnic. I always know it is going to be a good time, and this year did not disappoint! I may have lost cornhole to some seniors with impressive cornhole throwing skills, but they were very gracious and made me feel like it was ok to lose! We appreciate the hard work it takes to make this event possible, and I know that the seniors appreciate it as well!"

Throughout the picnic Tara Bassler engaged the group with Ice Breaker Trivia about each center manager, a lively round of Guess the Price, Guess How Many? in the candy jar, and more. Bill Burns was named the oldest senior at the picnic and received a giant chocolate bar as a prize.Pastor Kathy Mercado gave the blessing, then everyone munched on a delicious meal prepared by Townside Catering that included soup/chili, sliders, and dessert.

"I look forward to this annual picnic," said Tina Felker, Manager at the Beaver Springs Senior Center. "It's nice time for the three centers to mingle and get to know each other. It's a beautiful time of the year to gather here at the base of the mountain and see the trees and enjoy a fall outing."

After door prizes were awarded, Flip Side entertained the group with oldies and sing-alongs.Rhonda and Grace were happy to be back with performing for and with the Senior Centers again this year. "We were dancing the Happy Feet Dance when we were invited back!"

"Attending events like these is always a highlight for me. Several people came up to me and said, 'The senior center saved my life.' Hearing those words is a powerful reminder of the importance of the work we do. Creating opportunities for older adults to socialize, build connections, and share a meal together is about so much more than a meal—it plays an important role in supporting their overall health, well-being, and quality of life.," said Susie Weller, Executive Director of the Union-Snyder Agency on Aging.

Beta Sigma Phi Luncheon Renews Friendships

By Kay Poeth

A group of Beaver Springs Beta Sigma Phi sisters gathered for a luncheon recently at the home of Margie Krebs. Although the group disbanded several years ago, "I decided to get us together for lunch at my home," said Margie. "We renewed our friendships, caught up on families, and reminisced. We had a great time."

The bond of sisterhood and friendship still remains strong. Pictured here are Sara Ann Charles, Pat Yetter, Anna Louise Yetter; (Standing) Margie Krebs, Nancy Galliher, Jane Graybill and Linda Thomas.

Grace Ferri Joins Penn State Extension

Grace Ferri has joined Penn State Extension as an Extension Agent serving Snyder and Union Counties. In this role she will provide science-based and research-based education and resourcesto help producers achieve their production, management, and business goals.

Ferri grew up in Warren County, New Jersey, in the northwest region of the state. Her home was across the street from her uncle's dairy farm, where her passion for agriculture began. From a young age, she spent much of her time working on the farm and learning firsthand the dedication, challenges, and rewards that come with agriculture. Those early experiences shaped her appreciation for producers and ultimately influenced her decision to choose a career supporting the agricultural community.

She attended Delaware Valley University, where she earned herbachelor's degree in animal science with a specialization in Livestock Science and Management in May of 2025. Throughout college, she intentionally sought out a variety of experiences to broaden her knowledge of agriculture and gain practical, hands-on experience. She worked on a micro-dairy, a horse farm, and atDelVal's Roth Center for Sustainable Agriculture. Ferri notes that one of her most meaningful experiences was shadowing the large animal vets at Sunbury Animal Hospital, which allowed her to tie her experience and education together to better understand management decisions and how they impact animal health and performance.

In addition to her agricultural experience, she served on the A-Day Executive Team for threeof her four years at DelVal. She also spent significant time in pre-k-12 classrooms teaching agriculture education lessons.

Following graduation, she accepted a position as a Broiler Flock Advisor, servicing farms throughout Snyder, Union, and Juniata Counties. In this role, she worked directly with producers to help them achieve their production goals through effective flock management and communication.

As an Extension Agent, one of her primary goals is to continue strengthening the relationships between Penn State Extension and the agricultural community in Snyder and Union Counties. Ferri states, "I look forward to becoming well acquainted with the producers and agricultural businesses in the area, learning about their individual operations and challenges, and identifying opportunities where Extension can provide meaningful support. I hope to connect producers with the research, resources, and expertise they need to make informed decisions and improve their operations."

If you have any questions or would like to connect with her, she can be contacted by email gaf5422@psu.edu or by phone (570) 316-6516.

A New Chapter for Greenwood Friends School: Jessica Temple Named Head of School

Greenwood Friends School is pleased to announce Jessica Temple as its new Head of School, effective October 1, 2026.

Temple brings to the role a strong background in organizational leadership and a deep commitment to the students, families, faculty, and staff who make up the Greenwood community. Temple, who was the previous Director of Administration and Business, quickly became a trusted and valued leader within the school, known for her thoughtful approach, collaborative spirit, and genuine care for others.

Temple, who joined Greenwood in 2024, holds more than 25 years of extensive professional experience in operational leadership, human resources, resource allocation, organizational development, and supporting the growth and well-being of employees and students.

At Greenwood, Temple has brought that experience together with a leadership style grounded in kindness, listening, and collaboration. Her approach aligns naturally with Greenwood's Quaker values and its mission to nurture students who think critically, creatively, and compassionately.

"Jess is an important part of the Greenwood community," said Melissa Rycroft, Board Clerk for Greenwood Friends School's Board of Trustees. "She leads with both compassion and purpose, and she understands that a strong school is built through relationships among students, families, faculty, staff, and the wider community. She has demonstrated deep respect for our history coupled with innovative new ideas. I'm optimistic and excited for Greenwood's next chapter under her leadership."

As Head of School, Temple will guide Greenwood's continued growth while strengthening the school's academic programs, community partnerships, organizational sustainability, and commitment to providing children with a joyful, inclusive, and deeply engaging education.

"I am truly grateful to help lead Greenwood into its next chapter," Temple said. "Greenwood is such a special place, and as Head of School, I look forward to building on the strong foundation already here while helping our school continue to grow and thrive. My focus will be on deepening our connections with families and the wider community, supporting our faculty and staff, and ensuring our students have the space and encouragement to be fully themselves."

Greenwood Friends School looks forward to this next chapter of leadership and to continuing its work of helping children learn, grow, explore, and discover who they are and how they can contribute to the world around them. Founded in 1978, Greenwood Friends School, located in Millville, Pennsylvania, is an independent Quaker school serving students in preschool through eighth grade. Rooted in Quaker beliefs, Greenwood provides a nurturing educational environment where children are encouraged to be curious, compassionate, creative, and engaged members of their communities.

SUMMIT Early Learning's 4th Annual Touch a Truck Brings Families Together

By Kay Poeth

And, they're off! Children experience riding the antique pedal cars during the Touch a Truck event hosted by SUMMIT Early Learning.

All Aboard for the barrel ride with SUMMIT's Executive Director, Doug Bertanzetti!

Big trucks, little drivers, and lots of smiles! SUMMIT Early Learning welcomed families to its 4th Annual Touch a Truck event on October 3 at the Midd-West Elementary School bus loop. Hosted by SUMMIT Early Learning, this free community event provided children and families an opportunity to explore, play, and enjoy a fun-filled day together.

There was so much to see and do! Children got an up-close look at a variety of vehicles, including emergency vehicles, a crane, a tractor, and more. From climbing into the driver's seat to discovering how these impressive vehicles work, there was plenty to keep little hands and curious minds busy!

The WoodMobile was a special attraction where families could walk through an interactive exhibit and learn about Pennsylvania's forests and their history. The barrel car ride was a popular spot as little ones hopped aboard for a fun ride around the event with guest engineer, SUMMIT's Executive Director Doug Bertanzetti. The barrel was loaned to SUMMIT by the Middlecreek Area YMCA in Beaver Springs.

Vehicles doors were open inviting the children to climb in and explore. AmeriHealth Caritas of Mobile Medical Unit was onsite as well. "Care is the heart of our work."

Another fun stop included three antique pedal cars-an airplane, an antique car and a fire truck. The youngsters also had a chance to decorate their very own wooden vehicles to take home, made available by a generous donation from Capital Blue Cross.

Pause 4 Paws had several canines at their booth. The group promotes obedience training and therapy dogs. The pups were loving the pets and the youngsters were busy loving on the pups. They learned about the breed and ages of the dogs. The dogs even performed some tricks!

Guitarist Jamie Wagner sang and played all of the children's favorite songs - live! Your Balloon Guy made interesting creations for each child. And of course, SUMMIT's beloved mascot, Poppy the Kangaroo, joined in the fun, greeting children and families throughout the day!

More than just a chance to explore big trucks, SUMMIT's Touch a Truck is about bringing the community together. The event provided a free, family-friendly experience where children could learn through hands-on play, families could spend quality time together, and local businesses and organizations could connect with the community.

The Pennsylvania Woodmobile was an interactive exhibit about the Commonwealth's forests that was interesting to children and adults.
