Freeburg's Memorial Day Celebration

By Kay Poeth

Pictured here are Harper and Lydia McGovern joined by Asa, Ricki and Evie Newman with some of the artwork.

Residents and visitors enjoyed the Freeburg Memorial Day Celebration that featured many activities. The annual parade kicked off the day's event. Food trucks provided an opportunity to enjoy lunch while chatting with neighbors and friends. There was live music as people sang patriotic songs. Mark Troup's military exhibit was an interesting addition to the event. Pleasant Valley Gifts & Greenhouse provided a beautiful display. There were free patriotic bracelets. 80 Hometown Hero Banners were proudly hung high on the borough streets. A moment of silence at 3 pm honored our fallen vets and families. It was followed by church bells ringing.

A wonderful addition was more than 50 hand drawn or painted pieces of artwork created by area children. The theme of the art display was "What America Means to Me" to emphasize the 250th Celebration of our Nation. "Talented, heartfelt art was on display. Kids brought in family members and grandparents to proudly show their work!" noted Tabbetha VanHorn Price.

This hometown Memorial Day event is courtesy of the Freeburg Borough Banner Committee and is the fifth time they sponsored it. The Banner Committee is looking for volunteers to help with next year's event. Visit the Freeburg Borough Office, during hours, to volunteer or for more details.

Memorial Day at The Commons

By Kay Poeth

Selinsgrove Memorial Day Cemetery Observations by American Legion, Victory Post #25 and VFW Post #6631 were held at various locations. The Memorial Day Ceremony at The Commons was touching. The National Anthem was performed by the Selinsgrove High School Marching Band. Harold Aucker was MC. Cpl. Chris McLaud was the guest speaker. The Rifle Squad consisting of American Legion Post 25 and VFW Post 6631 performed the Salute of Honored Dead. The emotional sound of Taps floated across The Commons. "We honor those who have given the greatest sacrifice for our freedom."

Debbie Bilger noted, "Thank you to all who gave their lives so that we may enjoy our freedom. God bless all the service members and God bless the USA!" (Photos by Debbie Bilger)

Bittner Becomes First to Repeat in RaceSaver Sprints at Clinton County Speedway

Mill Hall, PA – Timmy Bittner of Beech Creek became the first driver to win two River Valley Builders RaceSaver Sprint Car feature events this season. The winner of opening day, returned to victory lane on Friday night. Cory Long has dominated the Pro Stock feature events this season adding another feature to his tally, Mac Wert won his second consecutive 270 Micro Sprint feature event, while Zak Kline turned his night around with a feature win in the SCDRA 4 cylinder division and Emery McGill won the Jr. Sprints.

Cory Stabley of Blanchard brought the field of sprint cars to the green flag. By the completion of lap number one, Bittner had the lead. Jeffrey Weaver of Lock Haven settled into the second position and Linden's Dale Schweikart held the third position. By the completion of lap number 5, Bittner led Weaver, Schweikart, Josh Beamer of Picture Rocks and Stabley.

Matt Tebbs of Cogan Station charged into the top five on lap number six. On lap number ten, the caution flag waved for Stabley. Following the restart, Bittner kept Weaver's challenges at bay to maintain his lead. With five laps to go Bittner was still leading Weaver, Schweikart, Beamer and Tebbs. By lap 22, Bittner had caught the rear of the field and had to navigate lapped traffic. Bittner held on for victory over Weaver, Schweikart, Beamer and Tebbs.

AY Schilling of Linden led the first two laps of the Pro Stocks feature event. Cory Long, who started sixth, charged to the front and took the lead by the completion of lap number three. At the halfway mark Long was leading Kyler Stahl, Schilling, AJ Hoffman and Brent Gorder. Hoffman worked his way up through the field and took over second on lap number nine. Stahl battled with Schilling with Schilling taking the third spot on lap number ten. Long continued to lead the final five laps to claim the win over Hoffman, Schilling, Gorder and Stahl.

Michael Petock started on the pole and led the opening laps of the 270 Micro feature event. Cory Stabley advanced from the third spot into second place. Mac Wert took the third position on lap number six. A lap eight caution flag bunched the field up behind Petock, Wert was able to use the restart to pass Stabley. On lap 10 Stabley was involved in a caution, moving Wert into second. Mechanical misfortune would end Petock's night allowing Wert to restart first with only five laps to go. Wert brought the field back to green flag racing with Devin Dumire, Denny Rhinehimer, Mason McAndrew and Garrison Zook in the top five. Wert would hold on for the final five laps to earn his second consecutive feature event. Dumire, Rhinehimer, McAndrew and Zook rounded out the top five.

Kevin Trimpey led the first two laps of the SCDRA Four Cylinder feature event. Richard Eldred took over the lead on lap number three. By half way through the race, Zak Kline charged from 12th into the lead, Kline started last, after rolling his primary car in the heat race. The team ran back to their race shop for a second car to compete in the race. Kline took the lead on lap number six. Jimmy Moyer passed Eldred for second on lap number ten. Kline and Moyer battled for the lead, with Kline earning the win over Moyer, Eldred, Coty Maines, and Tim Raup.

Jersey Shore's Emery Macgill led every lap of the Rising Stars Jr Sprint feature event. Tyreece Bowmaster and Adilyn Bathurst completed the top three.

The Clinton County Speedway returns this Friday night with the opening night of the Appalachian Super Late Model speed week for the Sam Ray Memorial presented by Strouse Electric. with Rick Eckert last years champ another 315 back. Satterlee made a good move at the start of the feature to go from his third starting spot to the lead before turn one, he led all 25-laps for the win over Trevor Feathers who was making his first Selingsgrove start this year. Feathers beat Satterlee Friday night at Bedford speedway, while both nights found Matt Cosner in third place. Fourth at Selingsgrove was Rick Eckert then Ross Robinson. In the limited late model feature DJ Myers of Greencastle scored his first ever late model feature win leading most of the way in the 20-lap feature. Myers who has driven super late models in the past, but is now focused on the limited class, and building cars called TRW chassis, Myers was followed by Andrew Yoder, Jaxton Garman who has one of the Myers build cars and George Dixon Jr. In the sprint car part of the show Christian Bruno won a heated battle with Steve Drevicki for the 20-lap feature win over Kyle Spence, Ronald Helmick and Kenny Miller III. The East Coast sprint will be back at Selingsgrove this Friday night along with the 305-sprints and limited late models. In the 305-sprint feature Timmy Bittner was followed by Mike Alleman, Mike Melair, Doug Dodson and Tyler Schell. This Thursday the 410-sprint will back to the track for the third time this season. AJ Flick filling for Mike Walter won the first race in the Knable #77, while Mark Smith won the other feature over Chase Dietz, Austin Bishop, Ryan Taylor and Kody Lehman. The Street Stocks will also be racing for the third time with Jason Geesaman and Troy Miller scoring the feature wins.

Satterlee goes Three for Three in SLM Points Races; Myers, Bruno and Bitter Score Selingsgrove Victories

Cold temperatures and 20-plus mph winds made conditions tough Saturday night at Selingsgrove Speedway, but the racing still delivered. Indiana's Gregg Satterlee stayed perfect in Selingsgrove Ford Super Late Model point races, Christian Bruno scored his first career USAC East Coast win at Selingsgrove, Greencastle's DJ Myers earned his first Creekside Autosales Limited Late Model victory, and Beech Creek's Timmy Bittner won the Keller's Auto Body PASS 305 feature.

Twenty-six Super Late Models signed in, with Trevor Feathers and defending champion Rick Eckert leading the field to green. By turn two, however, Satterlee had already powered into the lead using what remained of the middle groove. Once out front, he was untouchable.

Satterlee expertly handled lap traffic while Ridgely, West Virginia's Matt Cosner worked his way forward, eventually taking third from Eckert late in the race. The event's only caution flew when Greg Diehl spun in turns one and two, setting up a green-white-checker finish. Satterlee again pulled away to claim his 11th career Selingsgrove Super Late Model win over Feathers, Cosner, Eckert, and Ross Robinson.

"We made about 8 to 10 laps around the middle," Satterlee said in victory lane. "We've got a really good balance here. We love coming out here."

The USAC East Coast Wingless 360 Sprint Cars returned to Selingsgrove for the first time since 2022, and despite a rubbered-up surface, fans were treated to a thrilling finish. Ronald Helmick and Ed Aikin brought the field to green, but Steven Drevicki stormed to the lead by lap three and set the pace.

Starting eighth, Deptford, New Jersey's Christian Bruno steadily carved through the field, using every inch of the race-track and gaining ground through lap traffic. Drevicki held strong through the middle stages, even navigating slower cars with a daring four-wide move, but Bruno kept closing.

As the laps wound down, Bruno found momentum on the outside where few others could run. He reached Drevicki's rear bumper, completed the winning pass late, and drove away for his second consecutive USAC East Coast victory after winning at Big Diamond the previous week. Drevicki finished second, followed by Kyle Spence, Helmick, and Kenny Miller III.

Nineteen Creekside Autosales Limited Late Models presented by Cristwell's Towing were on hand for their third race of the season. DJ Myers and Meade Hahn started on the front row, with Myers immediately taking command. Behind him, Andrew Yoder charged from sixth to third on the opening lap, while George Dixon and Jaxton Garman battled for position.

Out front, however, Myers was in complete control. In a dominant, flag-to-flag performance, he became the third different winner in three Limited Late Model races this season. Yoder, Garman, Dixon, and Shaun Miller completed the top five.

"I was surprised," Myers said. "Even with the track rubbered down, it was still a beautiful track and great racing."

The Keller's Auto Body PASS 305 Sprint Car feature saw Timmy Bittner continue his hot streak. Fresh off a win at Clinton County Speedway, Bittner worked from fourth to second early but trailed race-long leader Mike Alleman for much of the event.

With five laps remaining, traffic slowed Alleman just enough for Bittner to slip underneath and take the lead. A late caution gave Alleman one final chance, but Bittner nailed the restart and pulled away to secure his first Selingsgrove victory and fourth overall PASS win. Alleman finished second, followed by Mike Melair, Doug Dodson, and Tyler Schell.

Selingsgrove Speedway returns June 4-5 with a doubleheader featuring the Kramer Cup for the 410 Sprint Cars and Military Appreciation Night with USAC East Coast Sprints, Limited Late Models, and PASS 305s.

It was a great day in Mifflinburg on Monday as it was the first day ever that Mifflinburg hosted two state playoff games the same day and the weather was just as good as the results. The town showed up as well and fans were four/five deep all around both fields. Well done Mifflinburg.

Deuces were wild and Taylor Stewart was very tidy on the mound in the 10-2 win over Kutztown. Stewart gave up nine hits in the complete game win on just 76 total pitches. Stewart averaged less than 10 pitches per inning over the first six frames. Compare that to two different Kutztown pitchers who gave up 12 hits but threw a combined 133 pitches.

The Lady Cats put the game away with five runs in their home fourth inning. Amelia Fluman, Anna Pachucki, Mia Reibsome and Lainey Miller all had doubles in the inning, but the most important at-bat in that inning and the game wasn't a hit.

With one out and consecutive doubles to score a run, freshman Ava Fry turned a 1-2 count on her to an eleven pitch walk. That walk by Fry turned the batting order over to all the above .400 hitters who took turns mashing. Double, double, walk and a single followed to make it 6-1 Mifflinburg.

Fluman, Reibsome, Miller and Brooke Gessner all had two hits and Fluman 2 runs and 3 RBIs. Mifflinburg faced defending state champion Pine Grove on Thursday for a trip to the Final Four.

Meanwhile, as the softball team was icing their cake, a half mile to the east the baseball team had its hands full with Notre Dame-Green Pond. Down 2-1 in their home third inning, Miff hung a crooked number to take a lead they would never relinquish.

Cat's catcher Jaden Boyer led off the inning reaching first on an error. Larry Murray laid down a bunt for a hit putting runners on first and second base. Brennan Snyder then tried to lay down a sacrifice bunt but failed on two attempts. Down in the count 0-2 Snyder ripped a single to center field driving in Boyer. JP Marr followed with a two-run single up the middle. Marr then scored on Mason Schneck's line drive that was mishandled by the centerfielder putting the Cats up 5-2.

Miff got the winning run playing small ball. Chad Martin walked to lead off the fourth inning and promptly stole second base and moved to third when the ball got away. Boyer hit a sac fly to center and Martin scored the sixth and deciding run.

Starting pitcher Kaiden Kmett got the win going five innings. Cole Reibsome had to work to get this save. ND-GP started the sixth inning with two singles, Reibsome came on in relief and gave up another single, loading the bases with no outs.

Reibsome got a force-out at home on a grounder to second. Another fielder's choice scored a run but resulted in another out. Cole hit the next batter, loading the bases again. Reibsome got out of the jam with a flyout to center. Expect Reibsome to start against Trinity in Thursday's quarter-final round. He's been in total control on the mound this post season with two wins and a save.

Selinsgrove boys LAX won their third straight D4 title by beating Bellefonte 9-6. Ben Bucher had four goals and

Nash Fordyce and Finn Bolick added two goals each. Grove (14-4) has won thirteen straight and open states by playing Abington Heights.

The Grove girls LAX season came to an end by being upset by Danville 12-6 in the D4 finals. The top-seeded Seals beat Bellefonte twice in the regular season.

Another stick-sport has started its final quest for Lord Stanley. The NHL finals began this week and ABC can't be happy with Vegas playing Carolina, small markets and sunbelt teams. That's ABC's problem.

These are absolutely the two best teams in hockey and they both dismantled really good teams to get here. Vegas swept the seemingly unbeatable Colorado Avalanche. Carolina lost only one game so far in the playoffs going 12-1. Carolina had more than twice the number of shots on goal than the Canadiens who they just swept to play for the best trophy in sports.

Defense is strong on both sides but both goalies are not very good. This will be a closely contested battle between two puck-possessed powerhouses. Expect low scores and hopefully a Game Seven.... The two best words in all of sports.

The New York Knicks are on an incredible run in this year's NBA Playoffs. They have won all eleven of their playoff games by an average of 19.5 points. They opened this year's NBA championships on Wednesday in San Antonio against Wemby and the Spurs.

This leads to the question of who is the most popular sports team in New York City? In the present that would be easy with most people taking the Knicks with their recent success. Globally it's the Yankees with their 27 World Series titles and iconic NY logo.

It is my belief that for more than the last fifty years the Knicks have been the favorite New York franchise among those living in the five boroughs that is NYC. New York is essentially a basketball-first city and holds a monopoly on the local NBA fanbase. Baseball is fiercely divided between Yankee and Mets fans.

No matter the Knicks record, they command an immense and loyal following. This all started back in 1970 when Walt "Clyde" Frazier and Willis Reed won two titles in four years. These two never had to pay for another meal or drink in NYC since winning those two titles.

Then we had the Patrick Ewing era where they played in two championships but never won. Linsanity followed and no other NBA team could have created the phenomenon that was Jeremy Lin. In 2012, the perennial backup and Harvard grad went on a February tear for the Knicks that landed him on the cover of TIME magazine.

He was injured in March and never returned to the Knicks. Lin played for six more teams after the Knicks but you never heard his name mentioned again because he was no longer a New York Knickerbocker.

If the Knicks were to win another NBA title after years of futility the celebration in the city would be nothing like we've seen in the past. Those past New York celebrations down the "Canyon of Heroes" would pale in comparison to this.

Madison Square Garden, celebrities courtside and a fun team to watch in the greatest basketball city ever is the reason the Knicks are New York's favorite team...today,

20 and 56 years ago.

Many sports fans in New York City have the football Giants as their favorite team in town. Coaching, skilled players and team cohesiveness go a long way in determining your success on the field. Team camaraderie in the locker room and off the field are important as well.

It's quite possible the drama between Giants QB Jaxson Dart, a Mormon from Utah, introducing our president at a political rally will blow over. It's also possible the response from the Giants young defensive end Abdul Carter who is Muslim and from Philly will alter team chemistry. Let's hope the two young stars put this behind them.

Locker rooms in American professional sports are a players' sanctuary. You play cards before a game and relax with teammates over a beer or two after a long game. You talk about family and replay the just completed game in your minds. It's also the place you resolve disagreements away from the press and certainly not on social media.

Sports stand alone and are generally agreed to be a uniting force. For a few brief but wonderful hours, people of different religions, races, sexualities, genders and political leanings can come together. They forget about the ugliness around them in the real world and are grateful for a win.

Negotiations on a new MLB labor agreement have started this week behind closed lawyer office doors. Baseball owners want a salary cap along with a salary floor where every team must spend a minimum amount on player salaries. The owners and MLB want more parity so the big spending Dodgers, Yankees, Blue Jays, Braves and Phillies aren't in the World Series every year.

The Union is calling this salary cap a means for owners to control costs and increase profits at the expense of the players.

The current standings after the Memorial Day holiday is a good barometer as to which teams are good and bad. All the teams have played more than a third of their season and if you look at the initial payroll numbers MLB offered to the player's union this week, four out of six divisional leaders are below the \$171.2 payroll floor. Cleveland, Tampa Bay, Milwaukee and the Athletics all are among the lowest eight payrolls in MLB and are in first place in their divisions.

This won't help the owners and MLB get the salary floor and cap they are seeking. There are many other issues that need to be addressed and resolved before a new bargaining agreement is signed by both sides. Baseball remains the only professional sport without a salary cap and will remain so after the new agreement.

Enjoy this season as it plays out because darker days are ahead as millionaires fight it out with billionaires. Comments and questions can be sent to theviewfromhear74@gmail.com

Obituaries

Gary Richard Wentzel, 85, Shamokin Dam

Gary entered into eternal rest on Tuesday, May 26, 2026, at Nottingham Village, Northumberland.

Born on December 30, 1940, he was a son to the late Dr. George and Mary (Troup) Wentzel. On June 25, 1977, he married the former Susan E. Zimmerman, who survives.

Career Exploration Fair at Mid-West Middle School

By Kay Poeth

“Career day is one of my favorite days of the school year. I enjoy seeing former students who volunteer their time to share their careers and inspire our students,” said Middle School teacher, Mrs. Andrea Teats. “The day allows students an opportunity to see many different job opportunities. It allows students to start to have conversations about what their future may start to look like.”

PA Army National Guard trucks, fire apparatus, big rigs, and farm equipment loomed in the front of the building as students climbed into truck rigs with JJ Transport, sat on tractors with Hilly Ridge Sales & Service, and chatted with exhibitors from Mid-West HVAC/Maintenance, local fire companies and more. In the back parking lot, students investigated five different exhibits including greenhouse management, vet sciences, leadership development, ag mechanics, and farriers, hosted by Midd-West High School FFA. Local veterinarian, Karli Arbogast-Hunter, of Rocket Equine, shared requirements to enter this career with students.

Promise Ranch and Spring Ridge Stables brought horses and ponies used as therapy animals along with Johni Kreider from Avery’s Treehouse who works with the horses at the stables to assist special needs students. Jonas Beiler, a stone mason, from JB Rocks, combined with Bricks & Stones Supply representative, Chad Rapp, showed students how math and geometry are used in their jobs of measuring and calculating areas for hardscapes and stone patios and steps.

Simply Bowls Café and Food Truck owner, Amsa Courtney, attended the fair to discuss business ownership and her role as an entrepreneur. She answered many questions in hopes to inspire students to work toward their goals and follow their dreams.

“I love how the U.S Air Force recruiter (Leslie Read) explained the different benefits and how you get paid for training,” said Katie Ruby.

“There are so many interactive things to do, touch, hold, feel, and climb on,” said Cole Tilken enthusiastically as he clambered on a tractor with a loader and backhoe. In addition to the small tractors, Chad Brion of Hilly Ridge Sales & Service had a table filled with hand-held units like leaf blowers and chain saws.

“Whatever they ask, we answer. We try to teach them about some of the gear,” added Cody Try of Reliance Hose Company #1. Josh Ewing of Beaver Springs Fire/Rescue was pleased with the new law about no hand-held devices (cell phones) in use while the car is engaged. He also talked about the option of being a Junior Firefighter which is important to continue growth of firefighting services in rural communities.

JJ. Transport brought a Peterbilt 386. Jamie Stoltzfus chuckled. “It was wildly interesting. They asked our favorite and least favorite part of our job. When they learned they could sit in the truck, their eyes lit up and they got big smiles on their faces. The kids quickly climbed into the truck, blew the air horn, and eagerly checked out the bunk area!”

The gymnasium was another thrilling location to investigate an array of occupational possibilities. PA Magisterial Judge Bo Trawitz spoke with many interested groups. Other law enforcement showcased the Sheriff’s Office, PA State Police, Federal Prison Bureaus. The PA Game Commission contained a table filled with fur pelts for the students to touch and identify.

Jarrett Erb of Cam Shaffer Carpentry assisted students as they put on their goggles and pounded nails into a board. At Susquehanna Stem to Skies, students were intrigued with the aviation demos, maps, and model aircraft. Rusty Rail offered a taste test and talk about culinary school. There were banks, colleges, and more. Students plopped down eager to pet the therapy dogs and learn about their training. Author Raena Rood had a display of her books, while photographer, Rochelle Tice of Blue Line Photography, had a stunning display of photos. Her business began as a hobby and then exploded into a career. Abby Wagner of Ideal Im-

age Salon & Spa explained to some girls how to curl hair with either a soft curl or porcelain-doll look. “My favorite part of my job is that I get to make people feel pretty and give them more confidence when they leave.”

“We advised them that a Therapy Dog is different than an Emotional Support Dog or a Service Dog. A Therapy Dog can provide significant mental, physical, and social benefits by offering comfort, reducing stress, and improving emotional well-being. These dogs support patients in hospitals, schools, airports, prisons and care facilities by boosting moral, increasing motivation, and fostering social interaction,” explained Tracy Heimbach of Alliance of Therapy Dogs. The dogs are certified through Alliance of Therapy Dogs, a national non-profit organization, that will test, certify, support, and provide liability insurance for their members.

“We shared with the students that although handling a therapy dog is a volunteer position it can most definitely be a part of the career that they may choose in the future. Many therapy dogs accompany their owners to jobs in schools, dental offices, veterinary offices, attorney offices, hair salons etc.,” added Heimbach.

Makayla Wood was impressed with all the hands-on activities. “Like the nursing station was cool. I want to be a vet and there are more options to see.” Nursing Instructor Amy Isaacs had several things to touch including a large heart display, fat chunk replica, and a stethoscope.

Moving to another area of the school, there was more to explore! The cafeteria was filled with students from SUN Area Technical School explaining what their programs offer and many had hands-on demonstrations. Cosmetology had several middle school students intently learning how to braid hair. Students examined tools and experimented with displays. Mid-West’s Work Study showcased their placements and learning for the year.

“As adults, we try to explain the importance of hard work and motivation to our young students, but the effect of high school students sharing actual Work Study experiences and SUN Tech students teaching hands-on skills and opportunities available during their senior year has the biggest impact to inspire younger students. It becomes real for them to see other students immersed in the opportunities adults have told them existed. In a few short years, they can now see themselves at SUN Tech or participating in the Work Study program at the high school,” Rapp explains.

“Being in 5th grade this year... there have been many changes. Getting to attend this career day event with students was a great opportunity to explore many options the kids have for their futures,” said Mrs. Stacey Hostetler from West Snyder Elementary School.

Tracy Heimbach of Susquehanna Trail Dog Training Club added, “The students at Mid-West Middle School have their whole future ahead of them. What a great function to introduce them to so many different career paths. We enjoyed sharing their day!”

“Not only did the students and staff have a shared positive experience and learning opportunity, but countless exhibitors also shared their accolades of congratulations on how impressed they were with the behavior, participation, and excellent engagement from our students! From asking in-citeful, thoughtful questions to listening intently to explanations and information provided to them by the visiting career professionals, our Mid-West students represented themselves and the district very well,” noted Mrs. Rapp. The next Middle School Career Exploration Fair will be held in May 2027. If you have an interest in participating in the fair next year, please contact Tarri Rapp at trapp@mwsd.cc or 570-837-0046, ext. 3550.

Jarrett Erb of Cam Shaffer Carpentry assisted students as they put on their goggles and pounded nails into a board during the Career Exploration Fair at the Middle School.

A popular program at SUN Tech is their Cosmetology Program where student learn to cut and style hair and polish nails.

Brett Middleswarth of Mid-dleworth Chip explained the process from potato-to-potato chip topped with a bag of this delicious local food manufactured product.

Excitement filled the air as students in grades 5-8 at Mid-West School District participated in the Career Exploration Fair. Seventy-four exhibitors attended the event including a range of career opportunities from military to manufacturing, authors to occupational therapy animals. Students rotated from station to station, investigating all the seemingly endless choices.

“My vision for the Career Exploration Fair was to expose, students to the countless options of careers and opportunities available to them in their future,” stated Tarri Rapp, middle school counselor, “Including parents and professionals from our community in the fair encourages students to be more aware of many local businesses and organizations they never knew existed.”

Students from all Mid-West schools participated in the fair which linked fifth graders from West Snyder and Middleburg Elementary, eighth graders from Mid-West High, and the entire middle school. The opportunity to participate in hands-on learning with seventy-four exhibitors allowed our students academic engagement and enjoyable experiences they do not get every day in a classroom setting.

For the 5th graders, the goal was exposure to a variety of careers and a chance to interact with professionals. In addition to the experience, 6th and 7th graders also had a list of questions to help guide their interaction with exhibitors. They were encouraged to ask questions about the jobs such as why they may have chosen this particular occupation and their favorite/least favorite aspects. Later, the middle school students chose two careers they enjoyed the most. They wrote a paragraph about each of their top choices, typed it as Word document, and uploaded it into their Career Portfolio.

Gannon Treaster Achieves Rank of Eagle Scout

By Kay Poeth

Gannon Treaster is congratulated by local dignitaries including Rep. David Rowe (R-85), Snyder County Commissioner Adam Ewig, Eagle Scout Gannon Treaster, Wendy Dombroski, Constituents Relations Specialist for Sen. Lynda Schlegel Culver, and Andrew Benner during his Eagle Scout Court of Honor Ceremony.

Gannon Thomas Treaster of McClure Troop 408 was awarded the rank of Eagle Scout on April 26, 2026 during an Eagle Scout Court of Honor held at Shade Mountain Bowmen in Beavertown. The ceremony was witnessed by family, friends, and members of the Scouting community.

Gavin Treaster served as Master of Ceremonies for his brother's Eagle Scout Court of Honor. Chris Wolf gave the Invocation. Braxton Fike and Miles Weiser performed the Presentation of Colors. Drew Bobb led the Pledge of Allegiance.

Drew Bobb lit the candles as he recited the Scout Law and Oath: A Scout is Trustworthy...Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean, and Reverent.

Chris Wolf—known to many as “Coach Wolf”—served as the guest speaker at Gannon's Eagle Scout ceremony, bringing a perspective shaped by years of mentorship both on and off the field. As an assistant football coach at Mid-West, Wolf had the unique privilege of coaching Gannon throughout his entire high school career.

In his remarks, Wolf reflected on the evolution of their relationship, beginning with the first time he heard Gannon's name—after a broken ankle in seventh grade. He spoke candidly about watching Gannon grow from an awkward and uncoordinated freshman, whose body seemed to be developing faster than his brain could keep up with, into a determined and disciplined senior. By his final year, Gannon had committed himself to becoming the best football player he could be, ultimately earning the role of team captain.

Wolf emphasized that it was through both the highs and lows of those four years—especially during Gannon's senior season—that their bond deepened. “As a coach, my goal is to help mold young men of character,” Wolf shared. “In trying to help Gannon become a better person, he made me a better person.”

He concluded with a powerful biblical parallel from the First Book of Samuel. In the story, the prophet Samuel is tasked with choosing a new king from the sons of Jesse. While the older, stronger, and more outwardly impressive sons seemed like obvious choices, it was the youngest—David—who was ultimately chosen.

Drawing the comparison, Wolf noted that Gannon may not have always been the biggest, the strongest, or even the most outwardly impressive. “And we all know he wasn't the most handsome,” he added with humor. “But he is someone I would choose over and over again.”

Drew Bobb and Braxton Fike performed the Lighting of the Eagle Trail. Eagle Scout Gavin Treaster presented the Eagle Charge as Gannon's parents stood by to witness the Scouts recite the Scout Pledge. Scoutmaster Andy Bobb presented the Eagle Award. Then Gannon's parents pinned the Eagle badge onto their son's uniform. After that, Gannon presented the Mother and Father pins to his parents, Laurie and Chad Treaster.

Gannon then presented his mentor pins. He described how his mentors, Chris Wolf, Craig Gabel, Laura Prendergast, and Jennifer Hummel, who inspired his journey and impacted his life. He also presented “special recognition pins” to his grandparents, Greg and Sharon Wright of McClure.

In his Eagle Scout remarks, Gannon thanked “Jesus Christ for giving me the opportunity to become part of this brotherhood of Eagle Scouts. I would not here without His guidance and His love for me.” Gannon also reflected on his journey. “As I have gone through Scouting, I have learned some of the greatest lessons that will lead me through life. Being able to persevere through the time it takes to become an Eagle Scout will be one of the most important lessons that I will take away from this season of my life. I have also learned how to become a leader for the fellow Scouts that follow me in my footsteps.” He concluded with Isaiah 40:31 saying, “But those who hope in the Lord will renew their strength. They will soar on wings like eagles.”

During the ceremony, Gannon received many certificates and citations. Attending the ceremony were Wendy Dombroski representing Sen. Lynda Schlegel Culver, State Rep. David Rowe (R-85), Snyder County Com-

missioners Adam Ewig, and Andrew Benner and Greg Wright from McClure Borough.

“It is always an honor to celebrate a scout achieving the rank of Eagle! Congratulations to Gannon Treaster on reaching the rank of Eagle Scout! In addition to countless merit badges, Gannon restored the town fountain in McClure for his Eagle project. Congratulations also to Gannon's parents, Chad and Laurie! We are all so proud of what your son has accomplished!” stated Rep. Rowe.

“On behalf of the McClure Borough Council and our residents, we extend our sincere thanks to Gannon for his hard work in restoring the fountain near Station Park. His efforts have made a meaningful impact on our community, and we truly appreciate his dedication,” said Andrew Benner. “We are also incredibly proud of our Boy Scout Troop and grateful for the volunteers who invest their time and energy into mentoring and shaping the next generation of responsible, community-minded citizens.”

Gannon also received several Letters of Commendation. Norman Rigel read parts of each one Gannon received.

Gannon joined the Scouts in November 2019 and moved through the ranks of Tenderfoot, Second Class, First Class, Star, Life, Eagle, Bronze Palm, Gold Palm and Silver Palm.

During his scouting career, Gannon earned 44-merit badges! Not only did he complete the 21 necessary merit badges for this rank, he more than doubled it with a total of 44 badges.

For his Eagle Scout Project, Gannon led the complete restoration of the McClure Borough Fountain in collaboration with the McClure Borough. The project consisted of laying new pipe and bricks and updating the electrical wiring and lighting. In addition, flowers were planted to make the area more inviting. This Eagle Scout project required planning, organizing, leadership, and a strong commitment to service his community.

Gannon joins an elite group of young men who have earned the Eagle rank and have made the Scout Oath and Law a part of their character. The first Eagle rank was awarded in 1912 and less than 4% of Scouts ever achieve Scouting's highest honor. Many of our nation's greatest leaders in government, business, science, and the community are Eagle Scouts. The Boy Scouts of America is one of the nation's largest and most recognizable value-based organizations. Its programs are designed to build character and leadership, teach active citizenship, and to encourage personal fitness.

During high school, Gannon was highly involved in both academics and extracurricular activities. He participated in 4 years of varsity football, serving as captain in his senior year and he participated in 4 years of track and field. He served 4 years of Class Congress, 4 years of Student Council, and served as class treasurer. In addition, Gannon was inducted into the National Honor Society and in 2025, he served as Senator for a Day with Senator Lynda Schlegel Culver.

Gannon graduates from Mid-West High School in May 2026 having been dual enrolled at both Lackawanna College and Commonwealth University Bloomsburg. He graduates with his diploma as well as 35 college credits already completed. He will attend Pennsylvania State University in the fall where he will major in Economics with the long-term goal of attending law school after earning his bachelor's degree.

“We are unbelievably proud of his accomplishments!” said his parents. “We are so grateful that God chose us to be his parents. We can't wait to watch you soar like an eagle!”

The Best Way To Face Life's Changes Is To Look At The Unchanging God.

Local Civil War Letters Program Presented & The Snyder County Soldiers' Memorial Preserved

By Kay Poeth

12 at Emmanuel Lutheran Church in Middleburg. John Deeben, historian, government archivist, and genealogist, discussed letters written by Civil War soldiers acting as war correspondents to local newspapers. These letters showcased a first-hand account of life on the battlefield and captured the human story in a raw form. The program, "Well and Eager for the Fray: Vol. 1 and Vol. 2" was based on the books of the same name written by John Deeben. According to the book description, "These soldiers had a story to tell. While most of them typically corresponded with family and friends, apprising loved ones of their well-being and recounting military adventures, many also wrote for a more public audience. Acting as impromptu field

correspondents, they penned reports to hometown newspapers on a regular basis, keeping communities informed of their activities, conveying news about the fate of neighbors, and perhaps most importantly, providing relentless support for hometown morale. Above all else, they voiced unwavering belief in the just and righteous nature of the Union cause." John Deeben conducted a book signing and sales of his books after the presentation.

At the conclusion of the program, Ethan Bobb and his parents, Daniel and Becky, were acknowledged for their hard work on the Snyder County Soldiers' Memorial. Ethan was presented with a Lifetime membership in the Snyder County Historical Society and autographed copies of both of John Deeben's books.

Then, the Snyder County Soldiers' Memorial was opened to the public. Approximately, 100 area residents attended the program and most visited the memorial and stepped into the small sanctuary as sunlight streamed through the stained-glass windows. Many searched for relatives on the lists of servicemen written on the rolls of various conflicts and wars. Several commented that they had never been inside the Memorial or hadn't seen it for a long time. They were all appreciative of the work that Ethan Bobb, his family, and the many contractors devoted to the project.

The repairs and restoration included replacing the roof, repairing and pouring new concrete, painting window areas, installing plexiglass protection, and performing extensive interior cleaning. The final touch entailed replacing the deteriorated and missing ceiling tiles.

Due to Ethan Bobb's efforts, the Snyder County Soldiers' Memorial is once again a historical treasure that county residents can be proud of.

As Mark Lawrence Gisen eloquently stated, "The restored building stands not only as a tribute to past service, but also as an example of present-day commitment — a young person stepping up to preserve history."

Pictured here are Dan Bobb, Becky Bobb, Ethan Bobb, Presenter- John Deeben, Snyder County Historical Society President-Lee Knepp, and Sue Boardman-Vice President of the SCHS.

History Comes Alive at Noll-Spangler National Historic Farm Event

By Kay Poeth and Tony Noll

for more information: www.NollSpanglerNationalHistoricFarm.com.

Noll-Spangler National Historic Farm's educational programming. Noll-Spangler National Historic Farm is a 501(c)3 non-profit organization. Free admission but donations are gratefully accepted.

Mark your calendars for the 9th Annual "Celebration at the Farm on Saturday, June 20 from 10 am-4 pm. Noll-Spangler National Historic Farm is located at 1175 Wildwood Road, Mifflinburg, PA 17844. Visit their website

The 9th Annual "Celebration at the Farm will be held on Saturday, June 20 from 10 am-4 pm at the Noll-Spangler National Historic Farm.

The "Celebration at the Farm" is a "living history" event that is open and free to the public. Bring a lawn chair and plan to spend the day enjoying the simple, family-friendly country entertainment. The event celebrates life in the 1800's, the growth of local agriculture, and the history of a by-gone way of self-sufficiency.

The Country Twirlers, an energy-packed local square dance group, will kick off the musical entertainment at 10:30 am, followed by the West Branch Barbershop Chorus at 11:30 am. At 1:00 pm the Buffalo Valley Community Band will take the stage. The Fiddlers Three, featuring fiddler Beverley Conrad, will perform at 2:00 pm. An interactive music tent will be open all day, hosted by Fiddler-Woman Beverley Conrad, as well. And at 3:00 pm, the Trailside Troubadours will complete the day's entertainment with a set of acoustic and Americana music. These local talents are not to be missed!!

Visitors may take a self-guided tour around the property and visit with many heritage craftspeople. Heritage crafts include pottery spinning, lace making, weaving & spinning of wool, rake making, and chair caning, just to name a few. Many of the trades and crafts are interactive and participation is encouraged. Brenda and Jim Ocker and other members of the Susquehanna Valley Spinners and Weavers Guild will have interactive projects for the kids. Say hello to the heritage breed sheep being showcased by Echo Valley Farm. There will also muzzleloader demonstrations led by Mark Wehr throughout the day.

Archaeologist Kim Mattern will have a display of Native American artifacts, many of which were sourced from the local fields. He will be present all day and will give visitors a sense of the native people that lived on the farmland prior to European settlement. Kim will also identify any artifacts that visitors bring along and help them to label their origin.

At 12:30 pm, Heather Hibbs will give a presentation on her fascinating historic toy collection. "In a world without internet, batteries, plastic, flashing lights and soft rubber toys were much simpler and often hand made. Despite that they were still a lot of fun to play with! A little skill and imagination could turn scraps and whatnot into wonderful playthings. Creative do-nothings, rag dolls, metal spinners, clay marbles and wooden dice kept children occupied. Learn about these toys and then have an opportunity to play with them. Children young and old still love these simple toys!"

Food will be available for purchase from the Farm Food Stand the entire day. All food stand sales will benefit the

Carlisle Man Suffered Fatal Injury in Monroe Township Crash

By Kay Poeth

The accident occurred in Monroe Township on May 27. At 7:13 am, as Keith T. Kmetz was traveling northbound on the Old Trail, he veered off the north side of the road, struck a utility pole, and rotated clockwise while overturning on its roof. Kmetz's 2012 Ford F250 Super-Cab continued north and hit a guide rail and a mailbox. The truck came to an uncontrolled stop on its roof facing south.

The driver, Keith Kmetz, was pronounced dead at the scene.

According to state police, multiple witnesses to crash were interviewed. In addition to witnesses, surveillance footage was used to aid in the investigation.

SCHS To Host Program on Port Trevorton River Bridge to Herndon

By Kay Poeth

The Snyder County Historical Society is proud to present the program, "Port Trevorton Bridge to Herndon", on Sunday, June 7 at 2 pm at Hope United Methodist Church in Port Trevorton. Come and hear an exciting program about the old river bridge that once stood between Port Trevorton and Herndon.

The Port Trevorton Bridge was a 3,460-foot wooden truss bridge crossing the Susquehanna River, built in the 1850s and dismantled in 1870. Originally constructed in 1854 by the Susquehanna & Union Bridge Company, a subsidiary of the Trevorton and Susquehanna Railroad. It was initially a railroad bridge used to transport coal from Northumberland County mines to the Pennsylvania Canal on the western shore.

Ronald Hoover, a Port Trevorton native, will discuss local history of the short-lived bridge transverse the Susquehanna River to Herndon. Hope United Methodist Church, located at 1623 N. Main Street in Port Trevorton, where the program is being given overlooks the site of the bridge.

The program is free to the public. Light refreshments will be served following the program.
